Jim McMullen: No comments.

Clay Norkey: Thanked the speakers who spoke at the hearing and open forum. He appreciates their comments. He feels it is good to be back at school and visit them again. Attending the football games has been great.

Patrick Hurley: Thanked Dan Carney for answering his hard questions. He told him he is doing a great job. He would like to continue having the conversation about having one officer per school. He understands it is a complicated issue, and we are spending a lot of money. Patrick also thanked Jeremy for answering his hard questions and let him know he also did a great job responding and going back and forth between him and Jim. Patrick stated that it is hard work and difficult to understand, and even harder to explain. He believes tonight's vote was for the right reasons to put us in a position to do what we need to in two years. He thinks we could possibly issue only \$100 million and adjust accordingly, and reduce the mill levy rate. Patrick stated he also agrees with Clay that we need to try and level it out as much as possible so that there's a slight variation from one year to the next. He feels it will be a big challenge adjusting to the school funding. He hopes we can begin preparing scenarios for what that looks like, so we can make sure the impact is reasonable on our end and the impact is negated for our kids. They're the ones who are potentially going to receive the biggest burden here.

Dr. Sonya Evans: Shared how proud she is of our school district and how we care about our children, the parents, the patrons, and our administrators. She feels we have awesome administrators. She appreciates the fact that we live in an outstanding, excellent school district

and that everyone who works in this district truly cares about children. She looks forward to an excellent school year.

Gina Knapp: Reiterated that the Board needs to make advocating for gun safety more of a priority in Topeka. She mentioned how much the district is spending every year and needs relief from all those expenditures. She is happy to approve the budget to pay for them, because she knows we need it, but they need to know how much it is costing us, and it is taking away from our kids. She thinks we need to be advocating from that angle.

2. Adjournment.

F. CLOSING ITEMS.

1. Adjournment.

- Dr. Sonya Evans thanked our finance department and administrators for a fantastic job. She mentions she feels uncomfortable with the fact that we only have one month of reserves.

- Jodie Dietz welcomed back teachers, our staff, and students, and families.
- Clay Norkey thanked Principal Phoebe Lewis from Pleasant Ridge Middle School for inviting him to talk to staff members to pump them up as we begin the school year. He also thanked our Communications Team for the Rally in the Valley planning and pivoting after losing power in the afternoon. He felt Dr. Chapman did an excellent job at the Leawood Chamber of Commerce. He loved Sister Steele's comments after 25 years that if we do not address the social emotional issues that kids go through, we're never going to get through them, and they cannot learn. . He applauded the HR team, Carrie Myers and the BVEA team for their collaborative and transparent negotiations, and encouraged everyone to get their legislators to fully fund Special Education.
- Jan Kessinger echoed those thoughts. He felt the chamber breakfast was great. And thought Dr. Chapman really did such a great job, having been on the job just a few weeks. He said it made him proud that our board made that hire. It really reflected well on our district. He could really see the enthusiasm of the teachers at Rally in the Valley and the Onboarding event, and it's going to be a great year.

The August 11, 2025, Regular Board of Education meeting adjourned at 6:44 p.m.

Performance Standards Agreement

BlueConnect Group

Unified School District No. 229,
Johnson County, State of Kansas

Kansas City

Administrative Performance Measures

Claims Processing

Claims Administrative Accuracy

Administrative accuracy shall be determined by reviewing a statistically valid sample of medical/dental claims for the correctness of coding accuracy in the administration of the plan. Examples of administrative errors include correct amounts sent to the wrong payee, and/or misapplied deductibles and maximums that do not result in payment errors. Administrative accuracy errors do not include any claims that affect claims payment or deductible accumulation, nor any errors that are corrected by Company prior to audit.

Administrative accuracy will be determined by counting the number of claims in a monthly sample that contains one or more coding errors (errors that do not affect claim payment) divided by the total number of claims in the sample. The resulting number shall then be subtracted from 1.00 to determine the administrative accuracy rate.

Performance Standards

97% and greater accuracy: No Penalty
92% to 96.9% accuracy: \$16,000 Penalty
Accuracy less than 92%: \$32,000 Penalty

Claims Financial Accuracy

Financial accuracy shall be determined by reviewing a statistically valid sample of medical and dental claims for the dollar amount of payment errors. Payment errors for financial accuracy shall be defined as claims payments that are either overpayments or underpayments of the amounts due to plan participants (i.e. payment in the wrong amount, duplicate payments, payment for non-eligible benefits, misapplied deductible or maximums resulting in payment errors). A financial error that is corrected by Company prior to audit shall not be considered as being a payment error. Overpayments and underpayments made on the same claim to the same provider that result in a correct net payment being made to such provider on such claim shall not be considered a financial payment error.

Financial accuracy of claims payments will be based on the dollar value of the payment errors measured as a percentage of total paid claims (dollar value of payment errors divided by the total dollars paid). The resulting number shall then be subtracted from 1.00 to determine the financial accuracy rate.

Performance Standards

99% and greater accuracy: No Penalty
98.9% to 92% accuracy: \$16,000 Penalty
Accuracy less than 92%: \$32,000 Penalty

Claims Processing Timeliness

Claims processing timeliness shall be determined by reviewing claims systems reports for the length of time incurred in processing clean medical claims. Clean medical and dental claims are defined as claims that do not require investigation or intervention. Claims requiring investigation include all claims that are not yet processed and are being held until Company is provided with all information pertinent to the claims as requested by Company and as necessary for processing of the claim. Claims requiring intervention include but are not limited to COB claims, claims requiring medical review, etc. Claims requiring investigation or intervention will not be considered for claims processing timeliness.

Claims processing time will be determined by measuring the interval of business days between the date the clean claim is received by Company and the date the claim is finalized by Company.

Performance Standards

95% or more within 14 days: No Penalty
90% to 94.9% within 14 days: \$16,000 Penalty
Less than 90% within 14 days: \$32,000 Penalty

Administrative Performance Standards – General Principles

The Administrative Performance Guarantees penalty amounts apply to fees (excluding Optional, Non-Standard Services, and or network savings fees) as outlined in the Contract between Administrator and the Plan Sponsor and will be adjusted in accordance with the performance standards set forth below.

The performance measures will be effective January 1, 2026 and will remain in force through December 31, 2026 (hereinafter the "Measurement Period"), or until termination of the Contract between the two parties, whichever is sooner. Administrator will place a maximum of \$96,000 of medical fees at risk. For each category, performance will be measured by, and penalties, if any, will be calculated on the basis of Administrators audits, surveys, or reports as described in this document. Plan Sponsor retains the right to have internal or external auditors verify the accuracy of Administrators reported results at the Plan Sponsor's expenses.

1. Measurement of Administrator performance against the standards shall be performed and reported to Plan Sponsor by Administrator on a quarterly basis or as otherwise noted.
2. The measures discussed herein are average measures relative to the entire Measurement Period, as set out above. The Appropriate penalties will be paid if the result fails to meet the established goal for the entire Measurement Period. Select measures will be reported on a quarterly basis for illustrative purposes only. The final report for the measurement period will be delivered to Group once data on all performance measures is available and calculated by Administrator. Payment will be credited to Group's account, if coverage is renewed for the following plan year. In the event Group terminates coverage before penalties are paid, Administrator is not liable to remit payment for the Measurement Period.
3. This performance guarantee agreement applies only in regard to Plan Sponsor's health services provided directly by Administrator. It is not intended to apply to any other service of coverage, including but not limited to dental and/or life insurance coverage, and carve-outs such as vision, prescription drug card and mental health.

Payment of Penalties

Although Administrator will provide quarterly performance reports, penalties will be assessed for any plan year in which Administrator fails to meet or exceed the performance standards specified herein for Claims Processing and Network Discounts. Performance will be calculated based on an annual average, excluding the best and worst months.

Audit of Performance

Plan Sponsor agrees to accept the results and the methodology, as defined therein under Administrator's internal quality assurance review process, as the measurement of the criteria set forth in this agreement.

Blue Cross and Blue Shield of Kansas City

COST-PLUS ADDENDUM

This Cost-Plus Addendum (“Addendum”) amends and is incorporated into and made a part of the Group Contract(s) entered into by and between Blue Cross and Blue Shield of Kansas City, on behalf of itself and its subsidiary, Good Health HMO, Inc., d/b/a Blue-Care, if applicable (collectively, “BCBSKC”) and Unified School District No. 229, Johnson County, State of Kansas (“Employer”). This Addendum shall be effective January 1, 2026 (the “Effective Date”).

WHEREAS, the parties have entered into the Group Contract(s) numbered 14274000 and the associated Health and, if applicable, Dental Benefit Certificate(s) (collectively, the “Group Contract(s)”), pursuant to which BCBSKC has agreed to arrange for the provision of certain health care services and/or dental care to Employer’s eligible Employees and their covered Dependents in accordance with the terms, conditions, limitations and exclusions specified in the Group Contract(s);

WHEREAS, the parties desire to implement an alternative funding arrangement for the Group Contract(s), as set forth herein; and

WHEREAS, this Addendum, while implementing an alternative funding arrangement, does not alter any terms or conditions of the benefits covered under the Group Contract(s).

NOW, THEREFORE, in consideration of the foregoing, the mutual promises and agreements contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

Article 1 **Employer’s Obligations**

- 1.1 **Funding under Group Contracts.** Employer agrees that the funding for coverage under the Group Contract(s) shall be determined as set forth in this Addendum.
- 1.2 **Fixed Premium.** Employer shall pay BCBSKC, on a monthly basis, the Fixed Premium in accordance with Article 3.2.
- 1.3 **Employer’s Claims Obligations.** In order to fulfill the Employer’s total financial obligations under the terms of this Addendum, the Employer shall make payments to BCBSKC as set forth herein and in accordance with Article 3.1. For each month that this Addendum is in effect, Employer shall pay to BCBSKC an amount set forth in (a) and (b) below:
 - (a) the lesser of:
 - i. the Cumulative Paid Claims; or
 - ii. the Cumulative Monthly Claims Limit.

LESS

- (b) the Cumulative Prior Payment Amount.

Example:

	January	February	March	April
Paid Claims	70	80	110	90
Cumulative Paid Claims	70	150	260	350
Monthly Claims Limit	100	100	100	100
Cumulative Monthly Claims Limit	100	200	300	400
Cumulative Prior Payment Amount	0	70	150	260
Actual Payment Owed	70	80	110	90

Notwithstanding the foregoing: (1) Paid Claims in excess of the Individual Pooling Limit for any Covered Person will not be counted as Paid Claims for the purposes of the calculation set forth above; and (2) the Cumulative Monthly Claims Limit for the full Contract Period shall not be less than the Minimum Annual Claims Limit set forth in Exhibit A (Cost Plus Provisions).

1.4 Statutory Assessments. To the extent BCBSKC is required to pay any Statutory Assessments, Employer will pay BCBSKC an amount equal to the Statutory Assessments based upon BCBSKC’s determination of such amounts. BCBSKC shall bill the Employer the applicable portion of these Statutory Assessments on the Monthly Settlement Report, and the Employer shall pay such Statutory Assessments in accordance with Article 3.

1.5 Collateral. Upon BCBSKC’s request, Employer shall procure a letter of credit (in such form as is reasonably acceptable to BCBSKC) from a financial institution reasonably acceptable to BCBSKC that evidences a commitment by the financial institution of funds payable to BCBSKC upon demand (without any further or additional action or authorization by Employer). Employer shall maintain such letter of credit until the end of the Runout Period. Alternatively, upon BCBSKC’s request, Employer shall deliver to BCBSKC an amount reasonably requested by BCBSKC as collateral (“Collateral”) for Employer’s obligations under this Agreement. In the event Employer fails to pay amounts due to BCBSKC hereunder, BCBSKC may use as much or all of the Collateral as is needed to satisfy Employer’s obligations. Any unused Collateral will be returned to Employer at the end of the Runout Period.

Article 2
BCBSKC Rights and Obligations

2.1 Benefit Determinations. For the purpose of this Addendum, BCBSKC shall have the right to determine the amount of Benefits, if any, payable for any Covered Person. Employer delegates to BCBSKC discretionary authority to construe, interpret and apply the Plan for purposes of processing claims and appeals. BCBSKC, as claims fiduciary, has the full, final, binding and exclusive discretion to construe, interpret and apply the terms of the Plan as may be necessary in order to process claims and make determinations on appeal of claims. BCBSKC shall determine the extent of the benefits (if any) to which any Participant is entitled under the Plan. Decisions by BCBSKC shall be complete, final and binding on all parties. Such determination shall be on the same basis as would be applicable under the Group Contract(s) in the absence of this Addendum. In the event of legal action against BCBSKC, by or on behalf of a Covered Person for Benefits under the Group Contract(s) with respect to a denied claim,

BCBSKC, at its own expense, shall undertake the defense of such action and shall pay any judgment rendered therein. BCBSKC shall have the right to settle any such action. The Employer shall reimburse BCBSKC for the portion of any such judgment or settlement which is for a Paid Claim under the Group Contract(s), and such Paid Claim shall be administered in accordance with the terms of this Addendum, including Articles 1 and 3.

Article 3

Payment Due Dates, Grace Periods and Payment Changes

3.1 **Monthly Settlement.** Monthly payments for Paid Claims, Access Fees, Statutory Assessments and related charges, as indicated on the Monthly Settlement Report, are due and payable by the Employer within 31 calendar days following delivery to Employer by BCBSKC of the Monthly Settlement Report. The Employer shall have no grace period for such monthly payment.

3.2 **Fixed Premium.** The Fixed Premium is due and payable by the Employer the first day of each month; provided, that any Statutory Assessments and Access Fees will be due and payable by Employer with the Monthly Settlement as set forth in Article 3.1. The Employer shall have a grace period of 31 calendar days for such monthly Fixed Premium.

3.3 **Changes in Employer's Obligation.** BCBSKC reserves the right to change any and all fees, charges and factors upon a 31 calendar day written notice prior to the end of a Contract Period, to be effective for the following Contract Period.

3.4 **Late Payment Charge.** BCBSKC reserves the right to charge a late payment fee of \$0.00 in each instance in which Employer fails to timely pay any amount due to BCBSKC in accordance with this Article 3.

Article 4

Amendments

4.1 **General.** Except as provided in Article 3.3, BCBSKC may amend any other term or condition of this Addendum upon 60 calendar days written notice to conform to statutes of the state in which this Addendum is issued for delivery.

4.2 **Notice.** Notice of an amendment may be in the form of a new Addendum, a rider, or an amendment to this Addendum or otherwise as BCBSKC may elect.

Article 5
Termination

5.1 Term. The term of this Addendum shall begin on the Effective Date and shall continue until terminated as set forth in this Article 5.

5.2 Termination by Either Party. This Addendum may be terminated by BCBSKC or the Employer provided such party gives the other party written notice of its election to terminate the Addendum at least 30 calendar days prior to the end of the then current Contract Period. This Addendum and the underlying Group Contract(s) shall automatically terminate on the date of termination of the Group Contract(s).

(a) Early Termination. If Employer causes the termination of this Addendum prior to the expiration of the then current Contract Period, Employer acknowledges that such Early Termination will cause damages to BCBSKC and agrees to compensate BCBSKC for such damages by payment of an early termination fee ("Early Termination Fee"). Employer agrees that it shall pay, within thirty (30) days of any notice of Early Termination, the Early Termination Fee of 20% of the then current total aggregate monthly Fixed Cost Fees plus Access Fees multiplied by the number months remaining in the then current Contract Period as of the effective date of the Early Termination.

5.3 Termination Due to Material Default. Except as provided in Article 5.4 below, either party may terminate this Addendum for cause upon written notice if the other party materially defaults in the performance of a provision of this Addendum and such default continues for a period of 60 calendar days after written notice to the defaulting party from the aggrieved party stating the specific default.

5.4 Termination Due to Non-Payment. Notwithstanding anything to the contrary herein, if Employer fails to pay BCBSKC in accordance with Article 3, this Addendum and the underlying Group Contract(s) may be terminated by BCBSKC, effective retroactively to the last day of the month in which all amounts owed to BCBSKC for such month were paid by the Employer.

5.5 Runout.

(a) Runout Claims and Services. Upon termination of this Addendum, and except in the event of Employer's material breach of this Addendum (including Employer's non-payment), BCBSKC shall provide Runout Services for Runout Claims.

(b) Runout Services Fee and Claims Obligation. Monthly payments for Runout Claims and the Runout Services Fee are due and payable by Employer for each month during the Runout Period within 31 calendar days following delivery to Employer by BCBSKC of the Monthly Settlement Report. The Employer shall have no grace period for such payments. Unless Employer purchases Terminal Liability Coverage as set forth in Article 5.6 below, Employer shall have the total obligation for Runout Claims.

(c) Statutory Assessments for Runout Claims and/or Runout Services. To the extent that any Statutory Assessments apply to Employer's payment obligations under Article 5.5 and/or 5.6, as determined by BCBSKC in its sole and reasonable discretion, then Employer shall pay to BCBSKC an amount equal to such Statutory Assessments.

5.6 Terminal Liability Coverage. Employer may choose to purchase, at the time of execution of this Addendum, Terminal Liability Coverage; provided, that there is no Individual Pooling Limit with respect to Runout Claims. If Employer purchases Terminal Liability Coverage, the following shall apply:

(a) Terminal Liability Coverage Charges. Terminal Liability Coverage Charges will be included with the Pooling Charges and paid by the Employer in accordance with Article 3.2.

(b) Terminal Liability Factors. The Employer's obligation for Runout Claims is limited to the amounts set forth in the "Terminal Liability Factors" section of Exhibit B (Rate Exhibits) for each Coverage Class and Product Type combination, multiplied by the number of such Coverage Class and Product Type combinations, based on the greater of:

1. enrollment during the last month of the final Contract Period; or
2. the average enrollment during the last three (3) months of the final Contract Period.

5.7 Late Payment. BCBSKC reserves the right to charge a late payment fee of \$0.00 in each instance in which Employer fails to timely pay any amount due to BCBSKC in accordance with this Article 5.

Article 6 General Provisions

6.1 Modification of Group Contracts. The provisions of the Group Contract(s) are amended to the extent necessary to be consistent with the provisions set forth in this Addendum and to that extent the provisions of this Addendum shall govern notwithstanding anything in the Group Contract(s) to the contrary.

6.2 Waiver. Neither the failure nor any delay by either party to exercise any right, power or privilege hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right, power or privilege preclude any other or further exercise thereof, or the exercise of any other right, power or privilege. In the event that a party does waive any breach of any provision of this Addendum, such waiver shall not be deemed or construed as a continuing waiver of any breach of the same or different provision.

6.3 Assignment. BCBSKC shall have the right to assign or delegate its duties and obligations under this Addendum to its affiliated companies. Any other assignment of this Addendum or, of any rights contained in this Addendum, by either party, will be void and of no force or effect, unless agreed upon in writing by the parties.

6.4 BlueCard Fees. Employer understands and agrees: (a) to pay certain fees and compensation to BCBSKC which BCBSKC is obligated under BlueCard to pay to other Blue Cross and/or Blue Shield licensees ("Licensees"), to the Blue Cross and Blue Shield Association, or to the BlueCard vendors; and (b) that fees and compensation under BlueCard may be revised from time to time without Employer's prior approval in accordance with the standard procedures for revising fees and compensation under BlueCard. Some of these fees and compensation are charged each time a claim is processed through BlueCard and include, but are not limited to, access fees, administrative expense allowance fees, Central

Financial Agency Fees, and ITS Transaction Fees. Other fees include, but are not limited to, an 800 number fee and a fee for provider directories. All of the previously described fees, together, are “BlueCard Fees.” Employer may contact BCBSKC if Employer would like an updated listing of the BlueCard fees. BlueCard fees are included in the Fixed Costs Fees and are guaranteed for the term of this Addendum.

6.5 BlueCard Recoveries. Under BlueCard, recoveries from a Licensee or from participating providers of a Licensee can arise in several ways, including, but not limited to, anti-fraud and abuse audits, provider/hospital audits, credit balance audits, utilization review refunds, and unsolicited refunds. In some cases, the Licensee will engage third parties to assist in discovery or collection of recovery amounts. The fees of such a third party are netted against the recovery. Recovery amounts, net of fees, if any, will be applied in accordance with applicable BlueCard policies, which generally require correction on a claim-by-claim or prospective basis. Unless otherwise agreed to by the Licensee, BCBSKC may request adjustments from the Licensee for full provider refunds due to the retroactive cancellation of membership only for one year after the Inter-Licensee financial settlement process date of the original claim. In some cases, recovery of claim payments associated with a retroactive cancellation may not be possible if the recovery conflicts with the Licensee’s state law, provider contracts or jeopardizes its relationship with its providers.

6.6 BCBSKC Recoveries. BCBSKC may pursue recoveries of Paid Claims in accordance with its rules and procedures (including via the use of third parties acting on BCBSKC’s behalf), which may arise in several ways, including but not limited to, anti-fraud and abuse audits, provider/hospital audits, utilization review refunds, and class action settlement, mass tort, or other litigation recoveries from health care providers and manufacturers of health care or other products or services. Any recovery will be credited to the Employer, subject to the terms of this Addendum, as described in 6.6.1; provided, that BCBSKC may charge the Employer a fee of up to 30% of the gross recovery including any third party fees and expenses for such recoveries, which will be netted against any such recovery. The recovery fee may exceed 30% if the applicable recovery vendor’s fee exceeds that percentage. BCBSKC shall have the right to retain any net recovery not exceeding \$500 if 3 years have elapsed since this Addendum terminated. Employer does not possess an independent right to pursue recoveries of Paid Claims.

6.6.1 In the event the BCBSKC obtains, directly or through a third party, recoveries that relate to Paid Claims, the following will apply:

- a. Employer shall first reimburse BCBSKC directly a pro rata portion of such recovery;
- b. Such portion shall not exceed the amount BCBSKC has paid under the Agreement;
- c. Such portion will be net of BCBSKC’s portion of recovery fees;
- d. Allocation of the recovery fees will be based upon the amount related to such recovery that was paid by BCBSKC and Employer; and
- e. Employer will retain or receive the remaining portion of such recovery net of its portion of recovery fees.

6.6.2 Any amounts recovered by BCBSKC shall not apply to and shall not be used to satisfy the Individual Pooling limit.

6.7 Medical Value Payments. Employer acknowledges that BCBSKC may have value-based payment arrangements with providers participating in certain health care delivery programs, including but not limited to patient-centered medical homes, accountable care organizations or episode-based

provider payments. These providers are known as “Total Care” providers. Pursuant to such health care delivery programs, Total Care providers may be eligible for alternative payments, in lieu of or in addition to, traditional fee-for-service reimbursement, including but not limited to, withholds, bonuses, incentive payments, provider credits and member management fees (collectively, “Medical Value Payments”). The amount of Medical Value Payments Total Care providers receive is specific to the Total Care program and/or provider and may or may not be directly related to Employer, any Covered Person, or any other group or individual. Employer acknowledges that Medical Value Payments payable to any one or more Total Care providers (a) will be included in Paid Claims, (b) may include compensation for services that are related to Covered Services, including, but not limited to, coordination of care, and (c) may include compensation in recognition of Total Care provider’s achievement of stated performance objectives, including, but not limited to, quality of care, patient outcomes or cost.

6.8 BCBSKC Prescription Drug Program BCBSKC contracts with a pharmacy benefit manager (“PBM”) for certain prescription drug administrative services, including prescription drug rebate administration and pharmacy network contracting services.

Under the agreement, PBM obtains rebates from drug manufacturers based on the utilization of certain prescription products by Covered Persons, and PBM retains the benefit of the rebate funds prior to disbursement. In addition, pharmaceutical manufacturers may pay administrative fees to PBM in connection with PBM’s services of administering, invoicing, allocating, and/or collecting rebates, and the PBM retains the benefit of such amounts prior to disbursement. PBM may also receive other service fees or discounts from manufacturers as compensation for various services unrelated to rebates or rebate-associated administrative fees.

In addition, BCBSKC and PBM also contract with pharmacies to provide prescription products at discounted rates for BCBSKC members. The discounted rates paid by PBM and BCBSKC to these pharmacies differ among pharmacies within a network, as well as between networks. For pharmacies that contract with the PBM, the amount paid by BCBSKC pays a uniform discount rate to PBM under the BCBSKC contract with the PBM may vary from regardless of the various discount rates PBM pays to the pharmacies. Thus, where the BCBSKC rate exceeds the rate the PBM negotiated with a particular pharmacy, the PBM will realize a positive margin on the applicable prescription. The reverse may also be true, resulting in negative margin for the PBM. In addition, when the PBM receives payment from BCBSKC before payment to a pharmacy is due, the PBM retains the benefit of the use of these funds between these payments. BCBSKC is guaranteed a minimum level of discount whether through the PBM or where BCBSKC directly contracts with network pharmacies, which could result in the amount paid by Employer being more or less than the amount PBM and/or BCBSKC pay to pharmacies.

Employer acknowledges and agrees for itself and its Covered Persons that BCBSKC is not acting as a fiduciary with respect to rebate administration, pharmacy network management, or the prescription drug plan. Employer further acknowledges for itself and its Covered Persons that BCBSKC receives rebates from the PBM and may receive positive margin in connection with the pharmacy network, as well as other financial credits, administrative fees and/or other amounts from network pharmacies, drug manufacturers or the PBM (collectively “Financial Credits”). Employer acknowledges and agrees for itself and its Covered Persons that, except as specifically provided in section 6.8.1 for certain pharmacy carve-in credits, BCBSKC shall retain sole and exclusive right to all Financial Credits, which constitute BCBSKC property (and are not plan assets), and BCBSKC may use such Financial Credits in its sole and absolute discretion, including without limitation to help stabilize BCBSKC’s overall rates and to offset expenses, and BCBSKC does not share Financial Credits with the Employer.

Without limitation to the foregoing, Employer acknowledges and agrees to the following (“Financial Credit Rules”) for itself and its Covered Persons that: (1) Employer and/or Covered Persons shall have no right to receive, claim or possess any beneficial interest in any Financial Credits, except as specifically provided in section 6.8 ; (2) Applicable drug benefit copayments, coinsurance, outpatient prescription drug deductible, deductible and/or maximum allowable benefits (including without limitation Calendar Year Maximum and Lifetime Maximum benefits) shall in no way be adjusted or otherwise affected as a result of any Financial Credits, except as may be required by law; (3) Any deductible and/or coinsurance required for prescription drugs shall be based upon the allowable charge at the pharmacy, and shall not change as a result of any Financial Credits, except as may be required by law; and (4) Amounts paid to pharmacies or any prices charged at pharmacies shall in no way be adjusted or otherwise affected as a result of any Financial Credits.

6.8.1 Pharmacy Carve-In Credits. BCBSKC agrees to provide Employer with pharmacy carve in-credits as provided in this section. The carve-in credit shall be \$55.00 per member per month, and shall be paid on a quarterly basis through a credit against amounts invoiced and due from Employer. The number of members shall be determined from the actual enrollment in the health plans with prescription drug coverage.

BCBSKC has the right, upon notice, to make an equitable adjustment to the carve-in credit amount in the event there is:

- (a) a material change in the conditions or assumptions utilized in providing the carve-in credit;
- (b) a material change in the size or demographics of the Employer’s membership;
- (c) Employer takes an action that has the effect of lowering the amount of Financial Credits available to BCBSKC; or
- (d) A material change in law or the pharmacy benefit industry that adversely impacts BCBSKC’s ability to obtain Financial Credits.

In order to be eligible for and receive the carve-in credits, Employer’s Addendum must be in effect at the time payment of such carve-in credits are to be made.

Employer agrees to fully and accurately disclose and report pharmacy carve-in credits and any other discount, rebate, or other credit received by Employer or retained by BCBSKC and/or its PBM, as required by law.

6.9 Audit of BCBSKC. During the term of this Addendum, Employer may, without charge by BCBSKC, perform an audit once during a Contract Period for the sole purpose of auditing BCBSKC's performance of certain of its obligations under this Addendum. To the extent an audit occurs, BCBSKC agrees only to the following two audit methodologies: (a) testing up to a statistically valid random sample, based upon a 95% confidence level (plus or minus 3% precision) and 97% expected performance; or (b) testing a targeted sample, up to a number of sample items equivalent to that which would result from the above random sample approach. Whether the audit is performed during the term of the Agreement or following termination and regardless of the methodology used, referenced in (a) and (b) above, such samples may only include those claims that were processed by BCBSKC no more than six months prior to the effective date for which the Employer requested the sample. For example, if a sample is requested to be drawn effective as of June 30 of a given year, it could only include claims processed between June 30 and January 1 of the same year. Employer may not request a retroactive effective date for the sample.

Employer may engage a third party to perform any or all of the audit on its behalf upon BCBSKC's prior written consent, not to be unreasonably withheld. Any such third party may not be reimbursed by Employer on a contingency or other method based on identification or value of errors. If Employer engages a third party to perform all or any part of an audit, such third party shall, upon BCBSKC's request (and Employer shall cause such third party to), enter into a data extraction agreement with BCBSKC prior to, and as a condition of, conducting any function of the audit. Employer shall provide BCBSKC with at least thirty (30) business days' notice of its desire to conduct an audit, and the parties (including the third party engaged by Employer, as applicable) shall execute a Records Audit Agreement, which will set forth in detail the terms and conditions of the audit. Notwithstanding anything to the contrary in this Addendum or the Records Audit Agreement, in no event will provider reimbursement or other proprietary information under the control of BCBSKC be subject to audit unless BCBSKC, in its sole discretion, permits access to such information.

6.10 Entire Agreement. This Addendum and the Group Contract(s) constitute the entire Agreement between the parties concerning this subject matter and supersede all other agreements, representations or communications, oral or written, between the parties or their predecessors relating to the transactions contemplated by or which are the subject matter of this Addendum, and both parties understand and agree that prior agreements, practices or statements inconsistent with the language, terms and conditions of this Addendum are of no force or effect.

6.11 Mindful by Blue KC : Mindful initiatives include improved network access to providers trained in crisis support, employer education focused on mental health first aid, and resources to support behavioral health integration into our primary care provider practices. The Mindful by Blue KC initiative provides a set of tools and resources to promote whole person wellness, including a limited number of well-being resource visits and access to Mindful Advocates. The well-being resource visits help with major life events (divorce, adoption, loss), stress, financial issues, childcare, and other everyday challenges through lifestyle coaching. These visits are limited to 3 per issue for each Blue KC member every calendar year. Well-being resource visits are not considered Covered Services and will not be billed (or paid) as claims. Mindful Advocates are licensed clinicians and social workers who match members to providers and guide care plans. They act as a single point of contact for listening, connecting, crisis management, benefits guidance, navigating care, and follow-up.

Article 7 Definitions

Case A Service request for prior authorization submitted by a Provider for one or more specified Covered Services to be performed as part of a single event of care for a Covered Person.

Contract Period The current contract term specified in the Group Contract(s) (which may be referred to in the Group Contract(s) as “Contract Year”).

Coverage Class The level of coverage selected by an Employee as set forth in Exhibit B (Rate Exhibits) (e.g., “Individual”, “Family”, etc.).

Covered Person(s) Those individuals as defined in the Group Contract(s).

Covered Services Those services, supplies, equipment and care as defined in the Group Contract(s).

BCBSKC retains these amounts and they are not included in the Discount the BCBSKC makes available to Plan Sponsor.

Fiduciary as used in this Addendum means “fiduciary” as defined in ERISA at 29 U.S.C. 1002 (21)(A).

Fixed Cost Fees The amount of money to be paid by the Employer to BCBSKC for services under the Group Contract including such services as claims processing and investigation, utilization management, claims management, production and distribution of member identification cards, wellness services, web-based member services, brokerage fees, BlueCard fees and other general services provided by BCBSKC and third party services providers, unless otherwise identified in Exhibit B. For any month during the Contract Period, Fixed Cost Fees shall equal the amounts set forth in the Fixed Cost Fees section of Exhibit B (Rate Exhibit) for each Coverage Class and Product Type combination, multiplied by the number of such Coverage Class and Product Type combinations in effect as of the first day of such month.

Fixed Premium The Fixed Cost Fees, Pooling Charges, Access Fees and Statutory Assessments as set forth in Exhibit A (Cost-Plus Provisions) and/or Exhibit B (Rate Exhibits), as applicable; provided, that the Access Fees and any Statutory Assessments shall be billed with the Monthly Settlement Report.

Group Contract(s) Those Group Contract(s) identified in Exhibit A (Cost Plus Provisions).

Individual Pooling Limit The amount at which any Paid Claims for a Covered Person's Covered Services in excess of such amount during a Contract Period are not counted as Paid Claims for purposes of determining Employer's claims obligations under Article 1.3 during such Contract Period. The Individual Pooling Limit does not include any capitated payments associated with any Paid Claims or Covered Services. Capitated payments include, but are not limited to, Medical Value and Value-Based and Spira Care Capitation Payments. Medical Value and Value-Based and Spira Care Capitation Payments are value-based payment arrangements with providers participating in certain health care delivery programs, including patient-centered medical homes, accountable care organizations or episode-based medical management. The Individual Pooling Limit does not include Spira Care Capitation Payments. The Individual Pooling Limit does not include Spira Care Capitation Adjustments.

Monthly Claims Limit For any month during the term of this Addendum, the amounts set forth in the Monthly Claims Limit section of Exhibit B (Rate Exhibit) for each Coverage Class and Product Type combination, multiplied by the number of such Coverage Class and Product Type combinations in effect as of the first day of such month.

Monthly Settlement Report The Employer claims, network access and other obligations as reported for a given month by BCBSKC. The Monthly Settlement Report may include Paid Claims, Access Fees and Statutory Assessments, and, during the Runout Period, Runout Services Fee, as applicable.

Paid Claims All payments made as of the date when a valid draft for payment for Covered Services has been issued to the person or persons authorized for such purpose by agreement of the Employer and BCBSKC during the Contract Period and the Runout Period for claims that were incurred while this Addendum was in effect, or for claims that were incurred under this Addendum between the parties for the previous Contract Period, if applicable; including Medical Value Payments and other provider charges, such as capitation (including Spira Care Capitation Payments), when applicable. For purposes of clarification, a claim shall be deemed to be paid when a valid draft for payment has been issued as noted above, even if issued in a later Contract Period from when the claim was incurred. Paid Claims are those amounts paid to a provider, which the provider has agreed to accept as payment in full at the time of claim payment for Covered Services provided to Covered Persons. Paid Claims are not reduced by any administration fees, network management fees, provider and pharmaceutical rebates, incentive arrangements, or any other reductions or credits a provider may periodically give BCBSKC, or any other amounts that a provider may pay BCBSKC for services such as administration, marketing, managed care or quality improvement programs performed by BCBSKC for the provider. BCBSKC retains these amounts and they do not reduce the amount of Paid Claims. All services are deemed to be incurred on the date the service was actually rendered.

Plan as used in this Addendum means plan as defined in ERISA at 29 U.S.C. 1002(3).

Pooling Charges The amount payable by the Employer to BCBSKC for limiting the Employer's claims obligation under the terms of the Cumulative Monthly Claims Limit and Individual Pooling Limit, and, if applicable, for Terminal Liability Coverage. For any month during the Contract Period, Pooling

Charges shall equal the amounts set forth in the Pooling Charges section of Exhibit B (Rate Exhibit) for each Coverage Class and Product Type combination, multiplied by the number of such Coverage Class and Product Type combinations in effect as of the first day of such month.

Product Type The type of product(s) offered by Employer to Covered Persons, as set forth in Exhibit B (Rate Exhibits) (e.g., Blue Advantage, Blue Care, Dental, etc.).

Runout Claims Claims for Covered Services incurred by Covered Persons prior to the termination of this Addendum but paid by BCBSKC during the Runout Period. For purposes of clarification, Runout Claims do not include claims incurred after termination of this Addendum.

Runout Period The first twelve (12) months following termination of this Addendum.

Runout Services The services provided by BCBSKC for Runout Claims after termination of this Addendum.

Runout Services Fee The fee payable by Employer to BCBSKC for Runout Services, which is equal to the sum of: (a) ten percent (10%) of Runout Claims during the month; and (b) ten percent (10%) of the difference between billed charges and the Allowable Charge for all Runout Claims (i.e., 10% of network discounts) during the month.

Statutory Assessments Governmental entities assess a variety of fees, taxes, surcharges and/or assessments on employer-sponsored health coverage. These include, but are not limited to, state premium taxes, Affordable Care Act (ACA) assessments, as well as miscellaneous state or local assessments.

Terminal Liability Coverage Coverage for Runout Claims exceeding a specified maximum at termination of this Addendum.

Terminal Liability Coverage Charges The cost associated with the purchase of Terminal Liability Coverage.

Utilization Management Fees The fees associated with utilization management services.

Other Defined Terms Any other capitalized term used in this Addendum and not specifically defined herein, shall have the meaning ascribed to it in the Group Contract(s).

IN WITNESS WHEREOF, BCBSKC and Employer have caused this Addendum to be executed effective as of the Effective Date.

SPIRA CARE DISCLOSURE

ASO AND COST-PLUS GROUP CONTRACTS

You have chosen to participate in Blue Cross and Blue Shield of Kansas City's (Blue KC) Spira Care program. There are some special financial features of Spira Care that we describe here.

Introduction. Spira Care provides a financial incentive to participating healthcare providers to use their medical judgment in a fashion that provides cost effective, appropriate medical care. Spira Care healthcare providers may receive additional compensation if they operate in a fashion that shows a beneficial cost impact (as measured by standards described later in this disclosure).

Provider Partners. Initially, Spira Care will operate through an arrangement with third-party healthcare provider organizations (collectively, the "**Provider Partners**"). Members will go to the Spira Care clinics to receive care from these Provider Partners through the Spira Care program.

Group's Capitation Payments. Your group will pay a per-member per-month ("**Capitation**") amount for services provided to your members through the Spira Care clinics. This Capitation amount will cover your group's expense for services provided through the Spira Care clinics, except for (a) drugs dispensed at the Spira Care clinics, and (b) any behavioral health services that are beyond what must be provided to members without cost-sharing under the Mental Health Parity and Addiction Equity Act. Your group will be required to pay those drug and behavioral health expenses in the normal way under your contract. They will not be covered by the Capitation amount you pay for services provided through the Spira Care clinics.

The Capitation amount of Spira Care will vary by the age and sex of members and may adjust on January 1 of each year, regardless of your group's plan year. And the Capitation amount for those members covered by a qualified high-deductible health plan will generally be less than the Capitation amount for those members not covered by such a plan.

In addition to receiving the Capitation amount, Blue KC and the Provider Partners will charge those members covered by a qualified high-deductible health plan who have not yet satisfied their deductible for the year an allowable charge for each visit involving non-preventive services. Blue KC and the Provider Partners will collect and keep this allowable charge.

Clinic Operating Performance. There are two special financial aspects of Spira Care. The first involves what is called a "**Clinic Operating Expenses**" calculation. The actual expenses in operating the Spira Care clinics (the Clinic Operating Expenses) for a year may be more or less than the total of the Capitation payments and any member cost-sharing payments made to the Provider Partners for the year. Blue KC and/or the Provider Partners will effectively bear responsibility for the clinic operating performance. Your plan will not be required to pay an additional Capitation amount to make up for any Clinic Operating Expense shortfall.

In determining whether there is an operating loss or gain from the Spira Care clinics, the Clinic Operating Expenses will include not only items like rent, utilities, medical record software, drug

acquisition costs, and information technology support, but also the compensation paid to the healthcare professionals associated with the Spira Care clinics for providing care to members who have selected Spira Care. And in determining the income associated with the clinics (for purposes of determining any clinic operating loss or gain), that income will include not only the total of the Spira Care Capitation and member cost-sharing payments made for the year, but also any amounts paid for drugs dispensed at the clinic.

Sharing of Cost Savings (or Losses). The second special financial feature of Spira Care is that one or more of the Provider Partners will, while making appropriate medical decisions, have a financial incentive to generate savings in the total cost of healthcare provided to members who have selected Spira Care. By total cost of healthcare we mean not just the cost of care provided by the Provider Partner but the cost of all covered healthcare provided to members in the Spira Care program, including care provided outside the Spira Care clinics.

In determining whether there have been cost savings, Blue KC will establish a benchmark and compare the Spira Care program's total cost of healthcare provided to members against that benchmark.

Savings. The intent is that the Provider Partners will perform well, as measured by the standard above, generating savings from what one might otherwise have projected healthcare costs to be. If so, one or more of the Provider Partners will receive incentive compensation equal to a percentage of the savings for the year in question (as those savings are determined under the calculations above).

To pay for all or part of any incentive compensation earned by the Provider Partners, groups in the Spira Care program in subsequent years may pay a larger Capitation amount for Spira Care, or Blue KC may charge higher administrative fees, or both. When successful, the group will experience the benefits of the Spira Care program in real time by seeing its healthcare costs decrease from what one might otherwise have projected them to be.

Losses. If the Provider Partners are not successful in generating savings, and the total cost of care for the Spira Care members instead shows a "loss" (determined under the calculations noted above), one or more of the Provider Partners will be required to bear a portion of that loss. In that event, one or more of the Provider Partners will make a payment to Blue KC equal to a percentage of the loss for the year. This payment will not be credited directly to your group. That means your group will have paid a Spira Care Capitation amount, as well as other healthcare expenses, a portion of which will ultimately come back to Blue KC and not back to your group.

Savings and Losses Not Based on Your Individual Group's Experience. Cost savings or losses will be determined across all groups that participate in Spira Care, including both self-insured and insured groups. This means savings or losses will not be determined based on your group's particular experience. And if any savings or losses are reflected in future years' Capitation amounts, the effect on your group will depend on the number of members in your group during the later year for which the Capitation is adjusted. Further, any Capitation adjustments for future years (to reflect savings or losses) may be different for insured groups that are not Cost-Plus groups than for ASO and Cost-Plus groups.

Blue KC's Interest in Provider Partners. Blue KC, or a subsidiary of Blue KC, has an ownership interest in one or more of the Provider Partners, and has the potential to obtain additional ownership in at least one of the Provider Partners. As a consequence, payments made to those Provider Partners may have a financial impact on Blue KC.

Blue KC or Subsidiary. The financial arrangements with the Provider Partners may actually be made between those providers and a subsidiary of Blue KC, rather than with Blue KC directly.

What is in this letter?

Thank you for submitting your application for Funding Year 2025 Schools and Libraries Program (E-rate) funding. Attached to this letter, you will find the funding statuses for the FCC Form(s) 471, Services Ordered and Certification Form, that you submitted and referenced above.

The Universal Service Administrative Company (USAC) is sending this information to both the associated applicant(s) and the service provider(s) so that you can work together to complete the funding process.

Next Steps

1. Work with your service provider(s) to determine if your bills will be discounted or if you will request reimbursement from USAC after paying the full cost for the services you receive.
2. Review the [Children's Internet Protection Act \(CIPA\)](#) requirements and file the [FCC Form 486](#) (Service Confirmation and CIPA Certification Form). **The deadline to submit this form is 120 days from the date of this letter or from the service start date (whichever is later).**
3. Invoice USAC

- **If you (the applicant) are invoicing USAC:** You must pay your service provider(s) the full cost for the services you receive and file the [FCC Form 472](#), the Billed Entity Applicant Reimbursement (BEAR) Form, to invoice USAC for reimbursement of the discounted amount.
- **If your service provider(s) is invoicing USAC:** The service provider(s) must provide services, bill the applicant for the non-discounted share, and file the [FCC Form 474](#), the Service Provider Invoice (SPI) form, to invoice USAC for reimbursement for the discounted portion of costs. Every funding year, service providers must file an [FCC Form 473](#), the Service Provider Annual Certification Form, to be able to submit invoices and to receive disbursements.
- **To receive an invoice deadline extension, the applicant or service provider must request an extension on or before the last date to invoice. If you anticipate, for any reason, that invoices cannot be filed on time, USAC will grant a one-time, 120-day invoice deadline extension if timely requested.**

How to Appeal or Request a Waiver of a Decision

You can appeal or request a waiver of a decision in this letter **within 60 calendar days** of the date of this letter. Failure to meet this deadline will result in an automatic dismissal of your appeal or waiver request.

Note: The Federal Communications Commission (FCC) will not accept appeals of USAC decisions that have not first been appealed to USAC. However, if you are seeking a waiver of E-rate program rules, you must submit your request to the FCC and not to USAC. USAC is not able to waive the E-rate program rules.

- **To submit your appeal to USAC,** visit the Appeals section in the [E-rate Productivity Center \(EPC\)](#) and provide the required information. USAC will reply to your appeal submissions to confirm receipt. Visit USAC's [website](#) for additional information on submitting an appeal to USAC, including step-by-step instructions.
- **To request a waiver of the FCC's rules,** please submit it to the FCC in proceeding number CC Docket No. 02-6 using the [Electronic Comment Filing System \(ECFS\)](#). Include your contact information, a statement that your filing is a waiver request, identifying information, the FCC rule(s) for which you are seeking a waiver, a full description of the relevant facts that you believe support your waiver request and any related relief, and any supporting documentation.

For appeals to USAC or to the FCC, be sure to keep a copy of your entire appeal, including any correspondence and documentation, and provide a copy to the affected service provider(s).

Obligation to Pay Non-Discount Portion

Applicants are required to pay the non-discount portion of the cost of the eligible products and/or services to their service providers. Service providers are required to bill applicants for the non-discount portion of costs for the eligible products and/or services. The FCC stated that requiring applicants to pay the non-discounted share of costs ensures efficiency and accountability in the program. If using the BEAR invoicing method, the applicant must pay the service provider in full (the non-discount plus discount portion) **before** seeking reimbursement from USAC. If using the SPI invoicing method, the service provider must first bill the applicant **before** invoicing USAC.

Notice on Rules and Funds Availability

The applicants' receipt of funding commitments is contingent on their compliance with all statutory, regulatory, and procedural requirements of the Schools and Libraries Program and the FCC's rules. Applicants who have received funding commitments continue to be subject to audits and other reviews that USAC and/or the FCC may undertake to assure that committed funds are being used in accordance with such requirements. USAC may be required to reduce or cancel funding commitments that were not issued in accordance with such requirements, whether due to action or inaction of USAC, the applicant, or the service provider. USAC, and other appropriate authorities (including but not limited to the FCC), may pursue enforcement actions and other means of recourse to collect improperly disbursed funds.

This purchase is to move EMS software from a local server supported license to a cloud license to allow for access to EMS across all computer platforms across the district. We have currently paid \$24,450.44 for our EMS enterprise, District maintenance and EMS room sign term licenses that will be credited against the three-year commitment of \$100,253.50. Our net incremental cost over the three-year commitment, if we factor in expected increases in the current platform at the rate we have seen each year over the last three-year renewals, is \$19,322.55. After migration all district platforms, MAC and PC will have access to EMS systems, maintenance will reside at Accruent (it is currently on site with periodic Accruent visits), and Microsoft TEAMS and EMS room sign licenses will synchronize.

LOCAL OPTION BUDGET

Local Option Budget Authority is granted in accordance with K.S.A. 72-5143.

Sections from statute are *italicized* below.

Text in [brackets] within sections from statutes was added by School Finance for clarification.

(h) *The board of education of any school district that desires to increase its local option budget authority for the immediately succeeding school year shall submit written notice of such intent to the state board by April 1 of the current school year. The board of a school district shall not adopt a local option budget in excess of the authority stated in [this] notice.*

- The Local Option Budget Percentage form, within the LEA Forms application, will be considered the district's written notice of such intent for the upcoming school year.

Resolution to Adopt LOB Percentage

All boards of education shall adopt annually a local option budget percentage resolution. The maximum percent that may be authorized is the statewide average 32.3% unless the district has adopted a resolution to exceed the statewide average up to the maximum state prescribed percent (33%). **The maximum percent that may be authorized by the resolution below CANNOT exceed the percent certified to KSDE on April 1st (see letter (h) above).**

See Resolution to Exceed the Statewide Average Percent on page 2 for information on adopting a resolution that authorizes a percent higher than the statewide average and up to the state prescribed percent.

(b) *...The adoption of a resolution... shall require a majority vote of the members of the board. Such resolution [for the current school year] shall be effective upon adoption and shall require no other procedure, authorization or approval.*

- Below is a sample resolution form that may be used by the local board of education **at the time the budget is adopted** and retained at the district level. This resolution should accompany the certified budget to the county as well.

Unified School District No. 229, Johnson County, Kansas.

RESOLUTION

GRANT OF A PERMANENT EASEMENT

KNOW ALL BY THESE PRESENTS that **UNIFIED SCHOOL DISTRICT NO. 229**, the Grantor herein, for and in consideration of the sum of One Dollar (\$1.00), the receipt whereof is hereby acknowledged, and other good and valuable considerations, including the installation of a public water main, does by these presents grant and convey unto **WATER DISTRICT NO. 1 OF JOHNSON COUNTY (KANSAS)**, a quasi-municipal corporation, the Grantee herein, its successors and assigns, a permanent easement and right-of-way, across, over, and under the following described land, to wit:

A strip of land 20.00 feet in width across Tracts A, B, and Lot 1 adjoining the right of way line of 175th Street, as now established, all being in "BLUE VALLEY MIDDLE SCHOOL #11", a subdivision of land in the City of Overland Park, Johnson County, Kansas.

The rights reserved to Water District No. 1 of Johnson County (Kansas) as the Grantee herein, and hereinafter called the "DISTRICT" and the rights reserved to the Grantor are as follows, to wit:

The DISTRICT, its successors and assigns, shall have the right to perpetually survey and test soil conditions; to excavate, fill, regrade, construct, rebuild, remove and relocate within said easement water distribution or transmission main or mains and all related equipment, together with the right of access to and from such easement for its employees, agents, contractors, vehicles, materials and equipment. The DISTRICT shall have the right to remove, trim and clear away any interfering trees, rocks, shrubs, roots, limbs or surfacing materials, but within a reasonable time after completion of any such activity by the DISTRICT it shall completely fill and sufficiently tamp any excavation

to an appropriate elevation to prevent settling, with any fence or improved surface restored to its former condition, grass areas reseeded and any cultivated, established lawn resodded, without the obligation of maintenance, all surplus soil, rock and debris completely removed from the premises, and compensation paid for any damages caused to growing crops.

Except for the "zone of non-interference" as hereinafter defined, the rights of the DISTRICT shall be non-exclusive in the following respects:

The Grantor, its licensees, tenants, lienholders, other easement holders, and the successors and assigns of the Grantor, may cultivate and fully use and enjoy the land within the easement, provided that such use shall not interfere with or jeopardize the construction, installation, maintenance, repair, operation, final grade or other activities of the DISTRICT granted or authorized by the terms of this Grant, and further provided that no permanent above-ground or subterranean structures, materials, stockpiling, or building shall be erected, constructed or stored on the easement, except that non municipal improvements such as roads, drives, parking lots (subject to limitations set forth herein), drainage facilities, whether paved or otherwise surfaced curbs, walks, overhead utility wires, underground utility conduit, pipes and sewers which are non-conflicting and outside of the zone of non-interference, and fences crossing at approximately right angles may be constructed, maintained and utilized by the Grantor, its licensees, tenants, lienholders and other easement holders, and the successors and assigns of the Grantor. In the event of parking lot construction in the easement area, dedicated parking spaces or areas within five (5) feet horizontally from the water main as constructed are prohibited.

In the event future public right-of-way expands over the easement described herein and the public entity expanding the right-of-way declines to relocate DISTRICT facilities outside an area of public improvements such as extensive landscaping, paving, private streets and other extraordinary improvements, the DISTRICT shall not be obligated to restore any existing aboveground improvements or aboveground improvements hereafter installed or constructed by public entity, its licensees, tenants, other easement holders, or the successors and assigns of public entity.

The rights of the DISTRICT shall be exclusive within the "zone of non-interference" defined as that subterranean area immediately adjoining each of the DISTRICT'S mains of a pipe size of sixteen (16) inches and smaller comprising a rectangular corridor along the variable course of the pipe extending vertically from two (2) feet below the pipe perimeter bottom, and two (2) feet horizontally from both lateral sides of the pipe perimeter, as installed. For mains of pipe sizes larger than sixteen (16) inches, the "zone of non-interference" is defined as that subterranean area immediately adjoining each such main comprising a rectangular corridor along the variable course

of the pipe extending vertically from two (2) feet below the pipe perimeter bottom and four (4) feet horizontally from both lateral sides of the pipe perimeter, as installed. In the case of multiple pipes within the same easement where the zones of non-interference are contiguous or overlap, the outer boundaries of such contiguous or overlapping zones comprise an enlarged single zone. No excavations or installations of any kind shall be made by any utility or other excavator or installer within such zone of non-interference without the prior express written consent of the DISTRICT.

After completion of the initial construction of its water distribution or transmission main or mains, the DISTRICT, in exercising any right whatsoever herein acquired, may temporarily excavate or cut through any road, drive, surface, fence, curb, walk or other structure permitted herein, but shall as soon as reasonably possible replace and repair such fence or improved surface or other permitted structure to its former condition without the obligation of maintenance, reseed grass areas and resod cultivated, established lawn, and shall pay to the owner or its tenants, compensation for any damage caused to growing crops. The DISTRICT may also require the owner of any other permitted future structure or conduit, whether located above or below the ground surface within the easement, to adjust, move, support or protect such structure or conduit to permit the DISTRICT to exercise its rights herein acquired, but free of expense to the DISTRICT.

TO HAVE AND TO HOLD, unto the said DISTRICT, its successors and assigns with all of the rights, privileges, appurtenances, and immunities thereto appertaining and belonging so long as used for the purposes herein described.

IN WITNESS WHEREOF, the said Grantor has executed this instrument this _____ day of _____, 20____.

Opportunities to grow and develop our students and staff into better versions of themselves. And we are forever thankful for these opportunities. ”

Blue Valley North High School Weight Room Addition & Wrestling Renovation

Complete: April 2025

“ Our students and athletes are taking pride in the new weight room. They enjoy being in there more and the amount of space and equipment is giving them a much better workout experience. They understand how fortunate we are and they are very excited and proud to come in every day to put in the work.”

“ The amount of space in the new weight room, along with new equipment, allows for more flexibility in our workouts/lessons and an overall greater workout experience for our students and athletes.”

Blue Valley West High School

Auxiliary Gym/Storm Shelter Addition

Complete: April 2025

““ Students in our leadership program said their ability to be involved in the design process and to share opinions on the overall look and feel of the space led to a design they feel really proud of.””

““ Having a larger auxiliary space that isn't connected to another gym or the track allows for uninterrupted activities and teaching within the PE department.””

Leawood Elementary School

Mobile Removal and Classroom Addition

Complete: August 2025

“ The addition gives us more room to learn, and we don't have to go to a trailer for Spanish or Gifted. It provides better lighting, bigger spaces, and helps us focus on learning. ”

“ For five years, I taught in the trailer and being in the building now is MARVELOUS. No more cold weather, no more rain, and I don't have to worry about the safety of students going in and out. ”

Cedar Hills Elementary School Mobile Removal and Classroom Addition

Complete: August 2025

“ This project has given CHE the opportunity for students to collaborate and connect outside of their classroom space to extend their academic skills, as well as their “soft” skills when working with others. ”

“ This new space gives us a comfy learning environment where we can collaborate with other students. It’s a quiet space that we can interact with other students and gain different perspectives around the work we are doing in our classroom. ”

Blue Valley Northwest High School
Weight Room Addition & Wrestling Renovation
Complete: August 2025

“ My favorite aspect is how the space combines functionality and inspiration. It’s filled with natural light, equipped with top-notch equipment, and intentionally designed to support both physical development and a strong sense of community and school pride. It’s a space where students can grow, lead, and push themselves to new levels, with staff there to teach, coach, and motivate them. ”

Blue Valley North High School
Performing Arts Addition
Complete: August 2025

“ Our new band room has provided a much larger space for rehearsals, more and better storage space, and a nicer environment for our students to feel proud of. It has allowed for having more equipment stowed away outside of the classroom so we have more room for students to function, and the acoustics are allowing for much better critique, analysis, and correction to enhance our future performances. ”

Blue Valley High, North and West High Schools CTE Renovations – FACS Rooms

Complete: August 2025

*BVNW, BVSU, & BV Academy Coming in 2026

“ Student response and excitement has been so enthusiastic. Both students who haven't taken a culinary class and those who took classes in the old room have been so excited for the new room. Working in the new room is so much better - there's more space, we can follow industry procedures to give students the experience of what the professional culinary world is like, plus the kitchens are so much easier to keep clean! ”

Harmony Middle School

Multipurpose Storm Shelter Addition

Anticipated Completion: October 2025

““ The multipurpose addition will provide exciting opportunities for students, staff, and our community as well as serve as a new and improved severe weather shelter for our school. ””

““ I am happy that I won't have to have morning basketball practice because of the new gym since there is an extra basketball court now. ””

““ I am excited to practice band in the new space when we split up into our different instruments. ””

Pleasant Ridge Middle School

Multipurpose Storm Shelter Addition

Anticipated Completion: January 2026

“ This investment will make the school a true gathering place for the community by allowing PRMS to host additional assemblies, musical concerts, sports events/practices, and youth leagues. It will also provide the students a safe, modern space to move, grow, and stay healthy. ”

“ I am a seventh grader, but next year when I play eighth grade basketball, it will be very helpful to have another gym for more space. It will be a lot more helpful for PE also because there will be so much more space when we have 70 kids in one class. Thank you so much. ”

Wolf Springs Middle School

Anticipated Completion: June 2026

Opening: August 2026

“ Wolf Springs Middle School will bring the excitement of building a vibrant new school community from the ground up—giving students the opportunity to shape new traditions and school culture while providing families in the growing Blue Valley Southwest area with access to another outstanding educational experience. I can’t wait to welcome all our new Coyotes to the pack.”

““ There have been many amazing surprises, but I don't think I was quite prepared for the amount of pride, smiles, and excitement our new space has brought to our students - they and our staff are truly grateful for the new spaces we have been provided to work, teach, and learn.””

Thank you

Temporary and Personal Illness Leaves

Administrators

The administrator's immediate supervisor may approve a request from an administrator for temporary leave and/or personal illness leave after considering these factors:

- a. The purpose for which the leave is requested;
- b. The length of the requested leave;
- c. Whether the request is in compliance with Board policies;
- d. Whether the absence of the administrator from employment duties will have a detrimental impact on operations in the District; and
- e. The best interests of the District.

Requests for temporary and personal illness leaves shall be submitted in the manner prescribed by the Human Resources Department.

Temporary Leave

Administrators are eligible to receive up to 20 days of paid temporary leave from their employment duties for reasonable and necessary purposes each fiscal year. Temporary leave shall not accumulate from year to year. The District shall not provide compensation for unused temporary leave.

Administrators may use temporary leave for the following reasons:

- a. Illness of a spouse, son, daughter, mother, father, brother, sister, or those same members of spouse's family;
- b. Bereavement: In the event of death within the employee's immediate family, the employee may use bereavement leave.
 1. Upon death of the employee's spouse, son, daughter, mother, father, sibling, or upon loss of pregnancy, up to five (5) days of such bereavement leave may be used and shall not be deducted from accumulated temporary leave.
 2. Upon death of the employee's father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, grandparent, grandchild, aunt, uncle, niece, nephew, cousin, resident of the employee household, or upon the loss of an employee's child's pregnancy, up to three (3) days of such bereavement leave may be used and shall not be deducted from accumulated temporary leave. Up to two (2) additional days of bereavement leave may be requested and shall be deducted from accumulated temporary leave.
 3. Additional days may be granted by the Superintendent due to special circumstances.
- c. The birth/adoption of a grandchild; an employee may use up to five (5) consecutive days of his/her temporary leave upon the birth of a grandchild. This leave may be taken within four (4) weeks of the event. The total number of days used may not exceed five (5) school days.
- d. Attendance at a funeral;

- e. Observance of a denominational religious holiday;
- f. Personal business (limited to business that cannot be conducted outside of normal business hours - typically 8 a.m. to 4:30 p.m. Monday through Friday); or
- g. Appearance in a court of law as a litigant or witness pursuant to a subpoena.

Administrators may not use temporary leave for the following purposes:

- a. Interviewing for other employment positions;
- b. Vacation;
- c. Personal business during the first or last week of school; or
- d. Personal business on the day prior to or following any school holiday.

An administrator's temporary leave shall not be charged against the 45 days of personal illness leave available during each 12-month period.

Personal Illness Leave

Administrative employees are eligible to receive up to 45 days of paid personal illness leave from their employment duties for reasonable and necessary purposes during each 12-month period. Personal illness leave shall not accumulate from year to year. The District shall not provide compensation for unused personal illness leave.

Administrators may use personal illness for the following reasons:

- a. Any illness or injury to the administrator;
- b. An administrator's disability due to prenatal care;
- c. Birth of a child;
- d. Recuperation following delivery of an infant; or
- e. Adoption.

An administrator's personal illness leave shall not be charged against the 20 days of temporary leave available each fiscal year.

An administrator whose personal illness leave extends beyond five consecutive work days may be required to submit to the Human Resources Department a written request for personal illness leave accompanied by a physician's written statement. If requested, the physician's written statement shall describe the nature of the illness or incapacitation and verify the employee's ability to return to duties. The District shall reserve the right to delay an employee's return to work until appropriate certification is provided to and the Human Resource Department gives approval.

If the need for leave is due to personal illness or injury that precludes an administrator from performing essential job duties for a period of 45 days or longer, benefits may be available through a long-term disability plan provided through the District. In such cases, the administrator should contact the Human Resources Department as soon as reasonably possible to coordinate the application process for long-term disability benefits.

Leave for any purpose not addressed by this policy must be requested in writing, with approval given by the Superintendent or his or her designee.

An administrator must report any absence or anticipated absence from work to his or her immediate supervisor or another designated person prior to the start of the school day.

Any leave taken by an administrator must be recorded in the manner specified by the District. The District shall reserve the right to require additional documentation to determine eligibility for leave. Failure to provide appropriate documentation may result in a suspension of pay until such documentation is provided to and approved by the Human Resources Department.

The District shall reserve the right to refuse to return an administrator to work if it is deemed by the District that such action poses potential harm or hardship to the employee, other employees, and/or students.

Unusual circumstances may occur that necessitate modification of leave as defined in this policy. Based upon written appeal, approval of leave modification may be granted by the Superintendent or his or her designee. A second appeal may be made to the Superintendent or his or her designee.

Other benefit programs, policies, and/or procedures may coordinate with an administrator's temporary leave or personal illness leave. Information relating to these plans, programs, policies, and procedures shall be provided in administrative guidelines.

Classified Personnel

This policy shall apply to all classified employees of the District. It shall not apply to substitute or temporary employees, nor shall it apply to any employee whose individual employment agreement contains specific terms concerning temporary leave.

Temporary Leave

Each classified employee shall accumulate temporary leave at the rate of one-half of their average daily hours per pay period (semi-monthly). The calculation of an employee's average daily hours is based on the employee's weekly hours divided by 5 days. Temporary leave may be accumulated without limit.

Upon termination of employment with the District, classified employees shall forfeit any accumulated temporary leave. The District shall have no obligation to compensate a classified employee for any unused or accumulated temporary leave, except as a death or KPERS retirement benefit for an employee with 10 years of service.

If a classified employee has accumulated temporary leave and is entitled under this policy to use that temporary leave, such employee shall receive full pay for any period of absence from employment duties until his or her accumulated temporary leave is exhausted. A classified employee for the following reasons may use accumulated temporary leave:

- Personal illness, including disability due to prenatal care, birth of a child, and recuperation following delivery of a child;
