The fifth graders participate in fund-raising (popcorn and bake sale) events that allow them to contribute to this cause each year.

B. Sarah Rudd

Mrs. Rudd shared the heat press she purchased for the school and then shared some of the products that could be made with the new device. This is a way to help school organizations have a better profit margin for fundraising events, offer faster turn around on product orders, and allow students to learn valuable marketing skills. She also presented the board with t-shirts, made with the press, as a thank you for their support and work they do for the school.

DECEMBER 2021 KASB POLICY UPDATES

To: Member Unified School Districts and other Member Organizations
From: Donna L. Whiteman, KASB General Counsel, Assistant Executive Director of Policy Development
Re: December 2021 Board Policy Updates

The KASB **December 2021** policy updates are now available.

Happy Holidays! The holiday season is a time to reflect on all the good things and progress public schools have made over the past year. As Nelson Mandela said, "Education is the most powerful weapon you can use to change the world," and Kansas school boards and employees have worked diligently this past year to provide all students with a quality public education.

KASB has posted this packet on the KASB's website under the Member Portal, Member Resources tab. The accompanying documents are the second set of 2021 policy updates to our KASB recommended policies. If you did not receive the June 2021 Policy Updates, they are also posted on our website under the KASB Member Portal.

The following policy recommendations have been edited and revised by the KASB Legal/Policy Services staff. Along with this letter, you will find a table explaining in detail the changes in the policies and a copy of the policies showing the edits using Track Changes in Word. A clean copy of the policy with all edits incorporated may also be downloaded.

The contents of this policy package should be reviewed by the superintendent, the clerk, and the board. If your policy requires staff and student input, you may share these changes with administrators, staff, and student representatives.

If these policy recommendations meet district needs, they are ready to add to the policy book **after board approval**.

Once adopted, policies have the force and effect of law. Suggested policies should not be placed in the policy book without an opportunity for board discussion and a **board motion to approve** any new additions or changes to your policy manual.

Please **add the local adoption date** at the bottom of each policy that is approved by the board.

Minutes from the meeting should reflect when the policies were adopted. To save time in case of an audit, file a copy of the minutes with the critical policies that the board is required by law to adopt.

Please make sure an historical policy file is maintained in the district containing older versions of the policies for future reference. Please note that these may be scanned and retained electronically.

If you have questions, comments, or need further clarification about these policy recommendations; or if you have additional questions about any of your board policies, please call 1-800-432-2471 and ask for Donna L. Whiteman or Leslie Garner, email us at dwhiteman@kasb.org or lgarner@kasb.org, or contact another member of the KASB Legal/Policy Services staff.

Best wishes,
Donna L. Whiteman, KASB General Counsel
Assistant Executive Director of Policy Development

P.S. Reminder - KASB's **current** B Section, Board Operation's Policies are all **existing** policies and are to help newly elected school board members.

DECEMBER 2021 UPDATED KASB POLICIES AND FORMS

POLICY OR FORM CODE OR DESCRIPTION	RATIONALE FOR RECOMMENDED REVISION OR ADDITION	RECOMMENDED ACTION
DJE (Purchasing) → Revised	This policy amendment adds "School employees are not allowed to purchase personal items from vendors using district accounts."	Review and adopt.
GAAD (Child Abuse) → Revised	This policy amendment adds the Department of Children and Families Crisis Helpline and Mobile Response program launched on Oct. 1, 2021, to provide support and problem solving to any student 20 years or younger in a behavioral health crisis including any student in foster care or formerly in foster care.	Review and adopt.
IF (Textbooks, Instructional Materials & Media Centers Form) → Revised	The questions in this form have been updated. Current Board policy, IF, requires anyone having a complaint about textbooks, the media center, or other instructional materials to complete this form and meet with the principal and superintendent before requesting the board to consider the complaint. The policy procedure remains the same and only some language in the form's questions have been updated.	Review.
IIA (Performance-Based Credits) → Revised	This policy amendment provides that the board may allow graduation credit to be awarded to students for integrated academic or career and technical based education coursework. Also, the current policy language was edited to clarify the "test-out" procedures.	Review and adopt.
JBCB (Foster Care Students) → Revised	This policy amendment adds the Department of Children and Families Crisis Helpline and Mobile Response program. This new helpline provides support and problem solving to assist any student 20 years or younger with a behavioral health crisis including any student in foster care or formerly in foster care. This is the same	Review and adopt.

	language that has been included in policy GAAD, Child Abuse, above.	
JCDB (Dress Code) → Revised	This policy amendment adds the language in K.S.A. 60-5321 which requires that no state agency or municipality, including school districts, “shall prohibit an individual from wearing traditional tribal regalia or objects of cultural significance at a public event.” A “public event” is defined to include but is not limited to, “an award ceremony, a graduation ceremony or a meeting of a governing body.”	Review and adopt.
KGA (Use of District Personal Property and Equipment) → Revised	The phrase “personal property” is added to clarify that any property, other than real estate, used for personal purposes must be pre-approved. The term “outside organizations” is narrowed to “tax-exempt” organizations to ensure there is no commercial taxable use of school district property or equipment. The pre-approval requirement is expanded to require the board of education to address a request from the superintendent.	Review and adopt.

DJE Purchasing

DJE

The purchasing, receiving, storing and distribution of supplies, equipment and services for use in the district shall be managed efficiently and economically. School employees are not allowed to purchase personal items from vendors using district accounts.

Purchasing Authority

The board shall appoint a purchasing agent for the district.

KASB Recommendation - 4/07; 12/21

GAAD Child Abuse (See JCAC and JGEC)

GAAD

Any district employee who has reason to know or suspect a child has been injured as a result of physical, mental, or emotional abuse or neglect or sexual abuse, shall promptly report the matter to the local Kansas Department for Children and Families (DCF) office or to the local law enforcement agency if the DCF office is not open. Employees may file a report of suspected abuse anonymously to either DCF by phoning 1-800-922-5330 or to local law enforcement officials. The Code for Care of Children also provides civil immunity from prosecution if the report is made in good faith.

The employee making the report will not contact the child's family or any other persons to determine the cause of the suspected abuse or neglect.

DCF or Law Enforcement Access to Students on School Premises

The building principal shall allow a student to be interviewed by DCF or law enforcement representatives on school premises to investigate suspected child abuse and shall act as appropriate to facilitate the agency's access to the child and to protect the student's interests during the process. State law grants the investigating agency the authority to determine whether a school employee may be present while the interview is being conducted, taking into account the child's best interests. If asked to sit in on the interview by the agency representative conducting it, the building principal or designee thereof shall oblige such request in order to provide comfort to the child throughout the process and to facilitate the investigation.

Cooperation Between School and Agencies

Principals shall work with DCF and law enforcement agencies to develop a plan of cooperation for investigating reports of suspected child abuse or neglect. To the extent that safety is not compromised, law enforcement

officers investigating complaints of suspected child abuse or neglect on school property shall not be in uniform.

Reporting Procedure

The employee shall promptly report to the local DCF office or law enforcement if DCF is closed. It is recommended the building administrator also be notified after the report is made.

If the building principal has been notified, the principal shall immediately notify the superintendent that the initial report to DCF has been made. If appropriate, the principal may confer with the school's social worker, guidance counselor or psychologist. At no time shall the principal or any other staff member prevent or interfere with the making of a suspected child abuse report.

If available, the following information shall be given by the person making the initial report: name, address, and age of the student; name and address of the parents or guardians; nature and extent of injuries or description of neglect or abuse; and any other information that might help establish the cause of the child's condition.

Any personal interview or physical inspection of the child by any school employee shall be conducted in an appropriate manner with an adult witness present.

State law provides that anyone making a report in good faith and without malice shall be immune from any civil liability that might otherwise be incurred or imposed.

IIA Performance-Based Credits

IIA

A student may earn credits towards high school graduation by demonstrating mastery of the course outcomes through a performance instrument. The standards for designing and passing the performance instrument shall be set sufficiently high to ensure credits earned by such means shall be equivalent to those offered in the framework of the Carnegie unit.

A written request to "test out" of a class must be submitted prior to the beginning of each semester/year. A student may not request to "test out" of a class in which he or she is currently enrolled or has been enrolled.

The request is to be evaluated within 30 school days by a review committee composed of: a building administrator, a school counselor, a faculty member appointed by the principal and the students' parent(s) or guardian(s).

If the request is approved, the course instructor will have 30 school days to design a performance instrument that reflects mastery of all course outcomes. Commercially available instruments may be used if they cover all course objectives. A performance instrument shall be approved by the principal. The principal, in consultation with the instructor, will determine the setting and the timelines for the administration of the instrument, as well as the criteria for successful completion of those tasks.

The student has 10 school days in which those designated tasks developed by the teacher and approved by the administration must be performed.

Credit for such classes shall be awarded only on a pass/fail basis. Students will be allowed only one opportunity to "test out" of any particular

class. It will not be the responsibility of the school or the instructor to provide instructional and/or review time for the student. However, the outcomes, as noted in the district curriculum guide, and class syllabus will be made available.

IIA Performance-Based Credits

IIA-2

Graduation Credit Through Integrated Coursework

The board may allow graduation credit for integrated academic or career and technical education course work. The teacher awarding academic credit shall be fully licensed and may work collaboratively with another instructor to develop a course plan for instruction. The teacher shall monitor the student's progress and level of achievement. The plan will be reviewed periodically to maintain rigor and relevance.

Approved:

KASB Recommendation – 7/02; 6/04; 4/07; 12/21

The district, in accordance with state and federal law and the Kansas state plan, will ensure students placed in foster care within the school district have access to a public education in a stable educational environment. For the purposes of this policy and its applicable regulations, “foster care” means 24-hour substitute care for children placed away from their parents and for whom a child welfare agency has placement and care duties.

Point of Contact

The board shall designate an employee to serve as a point of contact for child welfare agencies on behalf of the district.

Mobile Crisis Helpline

Crisis support for Kansas families and children to resolve an emotional, psychiatric, or behavioral health crisis is available through the Department of Children and Families Mobile Crisis Helpline, 1-833-441-2240, including:

- Problem solving to resolve behavioral health crisis;
- Referral to community resources or recommendation to engage in stabilization services;
- In-person support via mobile crisis response; and
- Contacting mobile crisis response unit to assist in emergency situations.

JCDB

Neatness, decency, and good taste are guidelines of the district dress code. Students must dress in a manner that is not obscene; offensive; or substantially or materially disruptive to the learning environment. Apparel that is sexually suggestive; promotes violence, illegal activities, drugs, alcohol, and/or tobacco; or is determined to be gang related is prohibited.

Student apparel and grooming must also meet requirements of any courses which are part of the approved curriculum in which they are enrolled.

Traditional tribal regalia or objects of cultural significance shall not be prohibited at a public event.

Dress codes shall be published in the appropriate student handbooks.

KASB Recommendation-7/96; 4/07; 12/15; 12/21

KGA Use of District Personal Property and Equipment

KGA

Requests for use of district personal property or equipment by outside tax-exempt organizations shall be submitted to the superintendent or the superintendent's designee. Any request shall be granted or denied pursuant to guidelines for using personal property or equipment developed by the administrator and approved by the board. The superintendent may establish a deposit or requirement for the purchase of insurance for use of school personal property or equipment before it is removed from the school grounds or other district property. The deposit will be paid to the principal (or/ _____) and will be refunded when the equipment is returned in working order.

Lost, Stolen, or Damaged Property or Equipment

No request for use of school personal property or equipment shall be granted until the requestor executes a use agreement specifying such person will agree to pay the district fair market value for any equipment that has been lost, stolen, or has suffered irreparable damage while in the requestor's possession. For the purposes of this policy, "irreparable damage" shall include any damage severe enough that the cost to repair such equipment would be more than the fair market value of the equipment. If school personal property or equipment is returned damaged beyond normal wear and tear of acceptable use, the requestor shall be responsible for the cost to repair such personal property or equipment. The district may also require the purchase of insurance.

Personal Use

No district personal property or equipment shall be used by staff for personal reasons at school or away from its designated station without the prior approval of {the superintendent; the building principal; or _____}. No district personal property or equipment shall be used by the superintendent for

personal reasons at school or away from its designated location without the prior approval of the board of education.

General Information and Requirements

The Kansas State Department of Education (KSDE) invites school districts to submit approval forms to provide preschool services to children at risk of entering kindergarten socially, emotionally or academically unprepared for success.

In districts operating approved programs, 3- and 4-year-old students who meet an at-risk criterion for the Preschool-Aged At-Risk program and who are enrolled and attending on Count Day will automatically count as a ½ student (0.5 FTE) in calculating a district's enrollment and accompanying weightings.

Q: How will we know if our district is operating an approved program?

A: KSDE will review all approval forms and notify approved programs via email following approval by the Kansas State Board of Education.

K.S.A 72-5132 defines a "Preschool-aged at-risk student" as "an at-risk student who has attained the age of three years, is under the age of eligibility for attendance at kindergarten, and has been selected by the state board in accordance with guidelines governing the selection of students for participation in head start programs." Each preschool-aged at-risk student enrolled in a school district and receiving services under an approved at-risk student assistance plan maintained by the school district is counted as ½ student (0.5 FTE).

A 4-year-old is a child who is four years of age on or before August 31, 2021. A 3-year-old is a child who is three years of age on or before August 31, 2021. ~~KSDE does not anticipate that As of November 2021,~~ sufficient funding will be available to serve 3-year-old students during the 2021-2022 school year. ~~These students must have been enrolled and attending on Count Day, September 20, 2021, and attend programs that meet all of the Preschool-Aged At-Risk requirements outlined in this document.~~ Students who are age-eligible for kindergarten (5 years old on or before August 31 of the current school year) do not generate preschool-aged at-risk funding.

Q: Can a child with an Individualized Education Plan (IEP) generate Preschool-Aged At-Risk funding?

A: No. K.S.A 72-5132 defines "Preschool-aged exceptional children" as "exceptional children, except gifted children, who have attained the age of three years but are under the age of eligibility for attendance at kindergarten. The terms "exceptional children" and "gifted children" have the same meaning as those terms are defined in K.S.A. 72-3404, and amendments thereto."

Each student enrolled and attending special education and related services for preschool-aged

exceptional children provided for by the school district is counted as ½ student (0.5 FTE) in calculating a district’s enrollment and additional weightings. In other words, 3- and 4-year-old students with IEPs generate the same amount of funding as preschool-aged at-risk students.

At-Risk Criteria

Children must meet one or more of the at-risk criteria listed in the table below and be enrolled on Count Day to be eligible to generate funding. To be eligible for funding, a child must be properly reported on the ENRL report in the KIDS Collection System. Documentation for the criterion met for each child will need to be available for auditors.

At-Risk Criteria for Preschool-Aged At-Risk Program	Clarification
1. Poverty (Preschool-Aged At-Risk)	Qualifies for free meals under the National School Lunch Program / KSDE Household Economic Survey on September 20, 2021.
2. Single parent families	Custodial parent is unmarried on the first day of school.
3. Kansas Department for Children and Families (DCF) referral	The reason for referral must describe the need for the child to attend the Pre-K program and be documented and signed by the DCF agent.
4. Teen parents	At least one parent was a teenager when the child was born.
5. Either parent is lacking a high school diploma or GED	At least one parent is lacking a high school diploma or a GED on the first day of school.
6. Limited English Proficiency	The student must qualify for bilingual weighting and ESOL services must be provided. Forms must be in child's file. Process and criteria are found at http://www.ksde.org under Early Childhood: https://www.ksde.org/Portals/0/Title/ESOL/ESOLProgramGuidance.pdf . NOTE: ESOL services must be provided by qualified teachers.
7. Lower than expected developmental progress in at least one of the following areas: cognitive development; physical development; communication/literacy; social-emotional/behavior; adaptive behavior/self-help skills	Based on appropriate and valid assessment results, the developmental progress of the child has been determined by a trained professional to be lower than typically expected for his/her chronological age, yet above what would be considered eligible for special education services (based on the procedural manual and guidance materials of specific assessment instruments). Scores that fall at or below the 40 th percentile indicate 'at-risk'.
8. Child qualifying for migrant status	Copy of Certificate of Eligibility must be on file.
9. Child experiencing homelessness	Residence of Homeless Student while Homeless must be completed in the KIDS Collection System and the student must be included on the district's official homeless list.

Q: There have been changes in how schools collect information to determine eligibility for free or reduced lunches. How do we determine a families' income for the purposes of determining whether they qualify as at-risk under the poverty criterion for the Preschool-Aged At-Risk program or Kansas Preschool Pilot grant? Will the Household Economic Survey meet auditing requirements for determining eligibility for these programs?

A: Superintendents have been discussing this issue in relation to At-Risk funding. There is Guidance for At-Risk Funding posted at <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Whats-New>. KSDE has been sharing information with superintendents, and we encourage early childhood teams to connect with the district's leadership.

Refer to the "At-Risk Student Weighting" section in the Enrollment Handbook posted at <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/Fiscal-Auditing#AuditGuides>

The Community Eligibility Provision (CEP) Schools - Household Economic Survey form and the Free and Reduced Price Meals - Household Application Packet are both posted at <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/Fiscal-Auditing> under "Forms and Documents (to support claims)". Programs can also use the Child and Adult Care Food Program Eligibility Form.

Preschool-Aged At-Risk Funds

K.S.A. 72-5154 establishes the **preschool-aged at-risk education fund**. The expenses of a school district directly attributable to providing preschool-aged at-risk assistance or programs shall be paid from the preschool-aged at-risk education fund.

Preschool-Aged At-Risk funds can solely be used to fund preschool programs. All preschool-aged at-risk students must be in classrooms that meet all preschool-aged at-risk program requirements. Individual preschool classrooms may be comprised of students who generate preschool-aged at-risk funding and students who do not generate preschool-aged at-risk funding.

Submission, Review and Approval of Programs

The Kansas State Board of Education shall approve Programs for Preschool-Aged At-Risk funding. **Approval Forms must be submitted to the Kansas State Department of Education (KSDE) no later than 5:00 pm on April 2, 2021.**

Approval forms must be completed in the [Qualtrics Survey](#). Information that will be requested can be found at the end of this document. Programs will also indicate in this platform that they agree to follow the assurances also found at the end of this document. There will be no need to upload or send any additional documents other than completing the 2021-2022 Preschool-Aged At-Risk Approval Form in the [Qualtrics Survey](#).

Applicants are encouraged to submit early to avoid technical issues. If technical issues are experienced, please contact Beccy Strohm at 785-296-6602 or earlylearning@ksde.org. For program questions, please contact Natalie McClane at 785-296-5081 or nmcclane@ksde.org.

Q: Can private preschools apply for Preschool-Aged At-Risk funding?

A: School districts are eligible to apply for the Preschool-Aged At-Risk (State Pre-K 4 Year Old At-Risk) program. K.S.A. 72-3215 authorizes the board of education of any school district to contract with private, nonprofit corporations or associations or with any public or private agency or institution, whether located within or outside the state, for the establishment, operation and maintenance of such preschool programs.

Q: Do we submit a Preschool-Aged At-Risk approval form for each building, or do we submit one approval form for the entire district?

A: Districts submit one Preschool-Aged At-Risk approval form that encompasses all buildings in the district.

Additional Information and Resources Regarding Program Requirements

KSDE recommends districts utilize the **Kansas Prekindergarten Guide** for high-quality prekindergarten practices. The guide supports the implementation of developmentally appropriate and academically rigorous programs. It is available at:

<https://www.ksde.org/Portals/0/Early%20Childhood/PreK/Kansas%20Prekindergarten%20Guide.pdf>

Inclusion of All Children

The Individuals with Disabilities Education Act (IDEA) requires that to the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are not disabled, and special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only when the nature or severity of the disability of a child is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. The preponderance of research indicates that both children with disabilities, as well as typically developing children, achieve greater outcomes when learning in an inclusive setting. Policy Statement on Inclusion of Children with Disabilities in Early Childhood Programs (2015): <https://www2.ed.gov/policy/speced/guid/earlylearning/joint-statement-full-text.pdf>.

Districts should provide the most inclusive classrooms possible. Children receiving Early Childhood Special Education Services (ECSE), who are Dual Language Learners (DLL) and English Learners (EL), who are from migrant worker families, and whose families are experiencing homelessness should be included in Preschool-Aged At-Risk classrooms.

Curriculum Models

Programs must implement an evidence-based preschool curriculum that includes literacy, math, and social-emotional components. These curricula must be approved by KSDE and align to the Kansas Early Learning Standards. When selecting curricula, programs should consider:

- the plan for monitoring ongoing progress, including additional assessments
- any supplemental curriculum/materials used to address literacy, math and social-emotional development

- the training plan (should include teachers, assistants, paraprofessionals, and related services staff). It is highly recommended that the director/program administrator also receive training.

Early Childhood Special Education programs have a curriculum-based assessment (CBA). If your district contracts with a service center, please obtain this information from your provider.

Programs are required to implement an ~~evidence-based~~ **approved** assessment to measure children's developmental growth upon entry and exit of the program. At the end of the school year, programs will be asked to share which ~~evidence-based~~ **approved** assessment was used to measure progress in the areas of literacy, mathematics, and social emotional development. For each area, programs will report:

- Based on the assessment data, how many Preschool-Aged At-Risk children in your district showed improvement from the beginning of the school year to the end?
- How many Preschool-Aged At-Risk children were assessed in this area from entry to exit from the program?

Additional information regarding curriculum may be found at:

- The What Works Clearinghouse: <https://ies.ed.gov/ncee/wwc/>
- Best Evidence from Johns Hopkins University at http://www.bestevidence.org/early/early_child_ed/early_child_ed.htm
- The KSDE Technical Assistance System Network: <http://www.ksdetasn.org>
- Head Start Early Childhood Learning & Knowledge Center: <https://eclkc.ohs.acf.hhs.gov/curriculum>

Developmental Screenings

Programs are required to ensure that each child receives a developmental screening using an evidence-based screening tool. The program must share results with the child's family. Programs may determine whether children receive screenings prior to the start of the school year or once school begins. Students who enroll after the beginning of the school year must receive screening within 90 days of enrollment.

KSDE recommends but does not require that the program select the ASQ:3 and ASQ:SE-2 developmental and social-emotional screenings for preschool-aged students. Most programs that utilize the ASQ are not required to enter the results of the screenings into ASQ Online for the 2021-2022 school year.

Q: Do we have to use the ASQ for our developmental screening? Do we enter the

results in our online system?

A: Programs are not required to use the ASQ as your developmental screening tool. Programs are required to use an evidence-based tool and are required to share the results with parents.

Structure

Districts must provide a minimum of 465 instructional hours for each child during the school year. 465 hours is a bare minimum. Programs are encouraged to build in additional days to ensure they meet or exceed these minimum hours, in the event that school is closed due to inclement weather or for any other circumstances.

Meal and snack times are an important opportunity for learning for preschool students and can be counted as instructional time in preschool classrooms. Meal and snack times cannot be counted as instructional time in K-12 settings.

Visit <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/Fiscal-Auditing> for additional resources to calculate total instructional hours provided, including the School Term Audit Guide.

Q: Do parent family activities and home visits count toward instructional hours?

A: Please refer to the School Term Audit Guide posted at <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/Fiscal-Auditing>, which notes that Parent-Teacher Conferences are allowable to count toward instructional hours. Dedicated days or half-days when teachers are visiting with families at home would count toward instructional hours; individual home visits conducted in the normal course of the school year would not.

The adult-to-child ratio must be no more than 1:10 at all times, with a classroom size not to exceed 20 students. This applies to ALL children in the classroom, regardless of funding.

Districts may request a waiver for unique circumstances that lead to class sizes exceeding 20 students. These circumstances may include promoting inclusive programming, prioritizing services for children and families experiencing acute challenges, supporting a mixed-delivery model of delivering preschool services in community-based settings, unexpected fluctuations in enrollment, challenges related to hiring qualified staff, or challenges related to facilities capacity. The following conditions must be met:

- Classroom size cannot exceed 25 students in one classroom.
- The adult-to-child ratio must be 1:10 or better at all times.

Waivers must be approved by the Kansas State Department of Education before they are considered applicable. Waivers expire annually on June 30th. To request a waiver, please email the following information to Natalie McClane at nmcclane@ksde.org:

- School contact information
- Primary contact information
- Provide justification for the proposed waiver by indicating:
 - Why is the applicant unable to meet the maximum classroom size requirement?
 - How many children will be served in the classroom?
 - How many adults will be in the classroom?
 - How many years has the program had more than 20 students per classroom?
 - How does the applicant plan to prioritize meeting the maximum classroom size requirement in the future? What is the timeline?

Attendance

Districts must keep daily attendance records for each student.

Regular school attendance is an important factor in children’s social and cognitive development. According to research, engaging families reduces chronic absenteeism. Students with low attendance in both pre-K and kindergarten often continue to have low attendance, are more likely to be retained by third grade and, on average, have lower academic outcomes than peers with better attendance. Chronic absenteeism sets the stage for an inability to successfully do grade-level work in later grades (Attendance Works, 2013). Districts should be proactive in educating families, staff and the community on the benefits of regularly attending school, and the disadvantages associated with absenteeism.

Teacher Requirements

Teacher Qualifications

Except as otherwise provided in K.A.R. 91-31-34, each education system accredited by the Kansas State Board of Education should fill a general education preschool teaching position with a teacher with one of the following endorsements on their teaching license:

General Education PreK Assignment	Special Education PreK Assignment
<ul style="list-style-type: none"> • Early Childhood Unified, Birth to Grade 3 (ECU) • Early Childhood Unified, Birth to Kindergarten (ECU) • Early Childhood Education (EC) • Elementary Education, K-6 or K-9 	<ul style="list-style-type: none"> • Early Childhood Unified, Birth to Grade 3 (ECU) • Early Childhood Unified, Birth to Kindergarten (ECU) • Early Childhood Handicapped (ECH)

Assistant Teacher/Teacher Aide Qualifications

All Assistant Teachers must complete an orientation session addressing confidentiality and the services to be provided in this program. It is strongly recommended that school districts employ paraprofessionals or aides who have at least a Child Development Associate (CDA) certificate or an Associate of Arts (A.A.) in early childhood education or a related field. The Assistant Teacher/Teacher Aide is considered the secondary teacher in the classroom.

Other Accepted Qualifications for Assistant Teacher/Teacher Aide:

- Have a high school diploma or a GED and completed 48 credit hours at an institution of higher education; OR
- Associate's degree (or higher); OR
- Pass a State-approved assessment that determines an ability to assist in instructing reading, writing, and mathematics; or reading, writing, and mathematics readiness.

For additional resources regarding teacher licensure, visit <https://www.ksde.org/Agency/Division-of-Learning-Services/Teacher-Licensure-and-Accreditation>.

For additional resources regarding paraprofessionals, including approved state assessments, visit <https://www.ksde.org/Agency/Division-of-Learning-Services/Early-Childhood-Special-Education-and-Title-Services/Title-Services/Federal-Programs/Title-I-Part-A/Paraprofessional>.

Community Collaboration

Programs must communicate and collaborate with community partners. Programs are encouraged to engage with existing early childhood groups in their community such as their Local Interagency Coordinating Council (LICC). See <https://www.kansasicc.org/local-icc.html>. Contact Jordan Christian for more information on LICCs at (785) 296-3953 or jchristian@ksde.org.

Programs must utilize the LICC or an Advisory Committee that meets at least quarterly. The committee must include at least one currently enrolled parent, and may include Part C Infant and Toddler Services Early Intervention, Part B 619, other early learning programs, or local home visiting programs.

Communication with the ICC or Advisory Council should include:

- The amount of children enrolled and on the wait list, and number of openings available
- Staffing changes and/or vacancies
- Results of community collaboration and upcoming opportunities to collaborate
- Upcoming professional learning opportunities

Family Engagement

Family engagement is a critical component of high-quality early care and education. Engaging families in their children's growth and learning can support the healthy social, emotional, cognitive and physical development of young children. These affirmative relationships also support positive lifelong outcomes.

The Kansas Family Engagement and Partnership Standards for Early Childhood provide guidance for families, practitioners, community members, and educators to examine current practices and plan future strategies to engage families. The Standards are available at <https://www.ksde.org/Portals/0/Early%20Childhood/Kindergarten/2019%20Kansas%20Family%20Engagement%20and%20Partnership%20Standards%20for%20Early%20Childhood.pdf>.

Programs must intentionally keep families informed of their child's development and provide opportunities to partner with district/organization staff. Programs may encourage family members to attend existing councils in the building or develop a Parent Advisory Council if one does not exist.

Professional Learning

Districts must develop a professional learning plan that includes a minimum of 15 hours of in-service training in the area of early learning or related topics, including child abuse and neglect training, for all direct service staff, including teachers, paraprofessionals, and aides.

- These opportunities should align with the philosophy of the selected curriculum model and with the Kansas Early Learning Standards (KELS). Continuous professional learning associated with the selected curriculum model must include assistant teachers.
- Learning opportunities should include models and strategies such as Universal Design for Learning (UDL) or Multi-Tier System of Supports (MTSS) to facilitate an inclusive classroom.
- Professional learning should include training on social-emotional topics such as Positive Behavior Intervention and Supports as well as trauma-informed care.
- Child abuse and neglect training is required annually. An available resource for this training can be found online at <https://kccto.org/>.
- First aid and CPR training are recommended.
- Visit the [Kansas Teaching and Leading Project](#) website for recorded videos and live professional learning opportunities. The Kansas Association of Education Services Agencies, in collaboration with the Kansas State Department of Education, created this website to provide relevant, timely and impactful professional development support to education professionals in order to build their capacity for effectively developing and implementing key components of the [Navigating Change](#) guidance for Kansas school districts.

Funding

In districts operating approved programs, 3- and 4-year-old students who meet an at-risk criterion for Preschool-Aged At-Risk students and who are enrolled and attending on Count Day, September 20, 2021, will automatically count as a ½ student (0.5 FTE) in calculating a district’s enrollment and accompanying weightings. ~~While districts will be asked to report their 3-year-old students who meet at-risk criteria in on their ENRL report, KSDE does not anticipate that~~ As of November 2021, it was determined that sufficient funding will be available to serve 3-year-old students during the 2021-2022 school year. These students must have been enrolled and attending on Count Day, September 20, 2021, and attend programs that meet all of the Preschool-Aged At-Risk requirements outlined in this document.

Programs are encouraged to utilize a variety of funding sources and serve all children in an inclusive setting. Potential funding sources could include, but are not limited to:

- At-Risk Education Funding may be used to serve qualified preschool students
- School District General Fund
- Preschool-Aged At-Risk Fund
- Early Childhood Block Grant (Kansas Children’s Cabinet and Trust Fund)
- Categorical Aid/Special Education Funding
- Head Start (federal Administration for Children and Families)
- Child Care Development Block Grant (Child Care Subsidy) (Kansas Department for Children and Families)
- Child and Adult Care Food Program
- Kansas Preschool Pilot
- McKinney-Vento
- Title I
- Title II
- Parent fees/tuition
- Kansas Parents as Teachers
- Local Grants/Funding (private funders)

Meals and Snacks

Programs must provide at least one meal or snack per classroom session to all children attending the program. Schools can earn reimbursement for providing nutritious meals and snacks by participating in the Child and Adult Care Food Program. Learn more at https://www.kn-eat.org/SNP/SNP_Docs/SNP_Resources_Program_Promotion/CACFP-Preschool.pdf.

Additional information regarding funding sources for meals and snacks is available through the Child Nutrition and Wellness Team (785-296-2276). Visit the Child Nutrition and Wellness website at https://www.kn-eat.org/CACFP/CACFP_Menus/CACFP_Home.htm.

Transition to Kindergarten

The transition into kindergarten is a critical milestone for children, families, and staff. A smooth transition helps kindergarten staff meet the individual needs of children. "When these transitions are successful, children and families are more likely to experience better long-term school success."¹ Successful collaboration should engage the wide variety of the stakeholders in a community who support young children and their families. A defined, sustainable kindergarten transition plan benefits the entire community.

KSDE recommends that all communities in Kansas should engage in an intentional, active planning process regarding transitions to kindergarten. Community-led collaboration should occur in an inclusive manner that engages a wide representation of early childhood stakeholders, including families, early childhood care and education providers, schools, businesses, and other partners in the community mixed-delivery system. This planning process should result in a formal agreement that defines the goals, roles, responsibilities, and specific activities of the kindergarten transition process. The following toolkit may be used as a starting point for communities to adopt or adapt as needed to fit their local goals: [Transition to Kindergarten MOU Toolkit](#)
