V. Hearing of Visitors

A. Katie Grote

Ms. Grote stated the year is going fine in the second grade. Forensics hosted the WKLL meet last week and it went well. There are two students that have qualified for state in Forensics at this time. Ms. Grote left the meeting at 6:33 pm.

B. Verlaine Schooler

45

Mrs. Schooler presented the board with a collection of information from area schools concerning substitute teacher pay. She requested the board to consider increasing the pay for substitute teachers and also consider changing the time allotments to half a day or full day versus the current quarter-day division. The board thanked her for her input. Mrs. Schooler left the meeting at 6:38 pm.

VI. Old Business

A. ESSER Update

47

Mr. Tharman updated the board on the ESSER 3 application; it has been returned for further clarification on the number of parents and community members that responded to the survey and further explanation on how the diverse groups' needs were met.

B. KESA Update

50

Mr. Tharman updated the board on the OVT (Outside Validation Team) meeting last week. Once the OVT chair submits the information from the meeting, year one, of the five-year cycle, will be wrapped up.

C. Summer Custodial Help & Projects

55

Mr. Tharman shared a document with the results of the walk-through that had been given to the custodians to help with planning the summer projects. He also shared information on possible carpet replacement, the bottom floor of MS epoxy covering, and possible gym floor refinishing. No staff had applied for summer helpers at this time, so Mr. Tharman will open it to juniors, seniors, and the community.

D. Transportation

Mr. Gebhard shared that Bus #11 is still in Norton waiting to be worked on. There are a lot of activities going on, but we are getting by with the vehicles we have.

VII. New Business

A. GS Boiler

70

Mr. Tharman shared that one of the GS boilers rusted out and the expense of repairing it would cost more than a new one, so it has been opened for bids to replace that boiler. Specifications are listed in the newspaper article and are due by May 6th. Mr. Tharman also wanted to thank Wyatt Compton, Lucas Hansen, and Ty Miller for alerting custodial staff about a leak in the GS heating system and then staying to help clean it up.

B. KASB Membership & Legal Support

72

Mr. Tharman presented the board with the quotes for membership renewal with KASB (Kansas Association of School Boards) and legal assistance. I recommend the board approve the KASB Legal

IX. Administrative Reports

A. Superintendent / 9-12 Principal Report

74

Mr. Tharman asked for volunteers to hand out diplomas at HS Graduation. Mr. Whitney and Mrs. VanPatten will do those honors. The 8th-grade class has asked Mrs. Smith and Mrs. Hammond to hand out their diplomas. The Norton County Community Foundation & Dane G. Hansen (Greater Northwest Kansas Community Foundation) has awarded Northern Valley Schools \$10,000 towards the brick-and-mortar project. Thank you for your financial assistance on this project. Mr. Tharman updated the board on the bank accounts/ shared discussions on the banners in the gym/ Site Council meeting update/ and the following upcoming events: 4/12- Earth Science - Renewable Energy Day - Cloud County Community College /4/13- FHSU tour - Junior class /4/15- Prom /4/17- Food & Soil Science class to Hastings CCC /4/18- Colby Comm. College tour - Freshmen class /4/20- Senior interviews /4/24- Senior/Faculty games /4/26- StuCo, Dance, Cheer elections /and 5/1- Forensics Dessert Night. Add in all of the FFA, track, golf, forensics events, banquets, concerts, etc ... and it is a very busy last few weeks of the school year.

B. K-8 Principal Report

Mr. Gebhard shared the GS was done with state assessments. Students attended a musical in Logan and it was very good. A big Thank You to the Dane G. Hansen Foundation for sponsoring these activities for area schools. There are tons of stuff on the calendar; JH track meets and JH state assessments are among them. A big Thank You to Mrs. Mordecai for all of her work, including all of the entries in the league music and band contest and the great school play.

SUBSTITUTE PAY AT NORTHERN VALLEY

Northern Valley Board of Education:

For some time now, I have felt the substitution pay at Northern Valley was very low compared to other schools around. I contacted various schools, where I also substitute, to get their latest information. This is what I found:

- **Northern Valley**

- Length of Day...8 to 8 1/2 hours (Elementary subs need to be here by 7:30)
- Daily Rate of \$90
- After 5 days it increases to \$100
- Increments of
 - ½ (2 - 4 hours)
 - ¾ (4 to 6 hours)
 - All day (6+ hours)
- No difference in pay for licensed or emergency substitute

- **Logan**

- Length of Day...7 hours and 45 minutes
- Daily Rate of \$110
- After 5 days it increases to \$125
- Increments of
 - ½ day (0 - 4 hours)
 - Whole day (4+ hours)
- No difference in pay for licensed or emergency substitute

- **Norton**

- Length of Day...7 ½ hours
- Licensed Substitute
 - Daily Rate of \$115
 - Half Day Rate of \$62
- Emergency Substitute
 - Daily Rate of \$110
 - Half Day Rate of \$57
- Long Term
 - After 4 weeks, (20 days), the Daily Rate goes to approximately \$140.
- Increments of
 - ½ day (0 - 4 hours)
 - All day (4+ hours)

- **Phillipsburg**
 - Length of Day...7 hours 20 minutes
 - Licensed Substitute
 - Daily Rate of \$120
 - Half Day of \$60
 - Emergency Substitute
 - Daily Rate of \$110
 - Half Day Rate of \$55
 - Long Term
 - Every 5 days the rate increases \$10
 - Max of increase is \$30 a day
 - Increments of
 - ½ day (0 - 4 hours)
 - All day (4+ hours)

I hope by seeing this data, the BOE will see the need to adjust Northern Valley's Substitute Pay. I would also like to see the ¾ day gone from our schedule and have any amount of time under 4 hours count as a half day. Please note that all the schools I called, said the substitute amount was usually adjusted every year, so these amounts will probably go up next year.

Thank You!!!

Sincerely,

Verlaine Schooler

Equipment to be Purchased Local Consolidated Plan

Complete this form only for individual equipment items which cost more than \$5,000 and last more than one year.

USD Name Northern Valley Schools USD Number 212 Date March 6, 2023

Contact Name Ken Tharman Phone (785) 669 - 2445

Specify the program funding the purchase. Possible programs are: Title I, Title II A, Title III A, Title IVA, 21st Century Community Learning Centers, Migrant, ESOL/Bilingual, and At-Risk.

Program Funding the Purchase	Kind of Equipment* (Description)	Manufacturer and Model Number	Building Where Equipment Will Be Used	Quantity	Unit Cost	Total Cost
ESSER 3	Good – used 25 – 40 passenger bus	Unknown	District	1	\$52,000	\$52,000

Please indicate the activity for which the above listed equipment is to be used and how it supports the designated program(s):

The purchase of a good used 25 – 40 passenger bus will allow our students to spread out more on routes. This will improve the air quality and lessen the chance of cross contamination should Covid-19 be contracted by a student/ staff member.

*Equipment is distinguishable from supplies in that it will last more than one year and will have an acquisition cost of \$5,000 or more per unit. As a reminder, one must have prior approval to purchase equipment over \$5,000. If any equipment is to be purchased, one must have the necessary funds in the approved budget on line item #700 Property. Also, the district is to maintain an updated inventory list of any equipment purchased with the funds listed above.

NORTHERN VALLEY information

OVT Summary Year 1

- The OVT response is not to be a duplication of the system response.

1. Compliance (Required)

This section is a required section for systems. Please provide feedback on this section if compliance issues are noted for the system.

- “If the system has compliance issues, describe any evidence provided by the system concerning how the compliance issue(s) have been or are being addressed.”

No compliance issues

2. Needs Assessment Process and Goals (Required)

This section is a required section for systems. Please provide feedback on this section.

- Provide feedback to the system on the process the system went through to conduct their comprehensive needs assessment.
- **SYSTEM GOAL STATEMENT HERE (Automatically copied over)**
 - Provide feedback to the system on the process of developing a comprehensive needs assessment.

Northern Valley began the needs assessment during the 2022-2023 school year. The district is a small district that operates a single Leadership team made up of teachers and administrators for each building. They also created a rotation plan for teachers to go on and off the team. They also created KESA working groups for each of their key goal areas that are headed up by a DLT team member. This year, they added an SEL/Civic Engagement group. They have used their in-service days to review data. In August of 22, they discussed the process for the year with the whole staff and then held three DLT meetings throughout the year and began using the KSDE Needs Assessment as part of the process – this will also mean sharing this data with the BOE as part of their process for setting Board Goals in June. Site Councils are also updated on KESA at each meeting. Throughout the school year, they have been reviewing all of their academic data and non-academic – state assessment, ACT, Aimsweb, graduation data, post-secondary data, and the ASQ in order to set goals. They have also looked at behavior (office referrals) and

attendance data. They have focused their four inservice days to provide time for the KESA Working groups to discuss and work on the goal area and support all of the staff in implementing the goals.

GOAL 1:

- **Provide feedback to the system that the goal is specific and measurable.**

The first goal is related to curriculum and academic success. At the end of the 21-22 school year, the district looked at the KSDE Needs Assessment and as a result, analyzed data regarding state assessments and the ACT which continued on into the current school year. Of concern was a large number of students scoring at level two and the desire to move more students out of level two into levels three and four. As a result, the district is developing a measurable goal using AIMSWeb data that will be based on Spring 2023 Benchmark data then the lag measure will be the state assessment data in reading. We discussed developing the measurable goal based on the fall and winter data and how to construct the goal which will be finalized using their spring AIMSWeb benchmark data. While they are still working on the wording of their goal they want to increase the number of students scoring above level two on the state assessment and continue to have a small percentage of students scoring in level one.

- **Provide feedback to the system that the goal is relevant and attainable as presented.**

The OVT believes that the preliminary goal is relevant and attainable based on the data shared by the district with the OVT. Northern Valley felt that if they are able to achieve this goal, then they would see fewer students in level two and more in levels three and four. They have a strong MTSS system in place and will be using their progress monitoring data to monitor students and check on progress towards their goal to increase the number of students at benchmark on AIMSWeb and in turn see increases in the number of students moving from level 2 to levels 3 and 4 on the state assessment.

- **Provide feedback to the system that the initiatives of the goal are expected to show results during the current KESA cycle.**

At this time Northern Valley is still working on completing its action plan. Some possible strategies may include making sure all staff know the goals in the district KESA plan, creating a structure for regular data collection, and time for data analysis by staff. At this time, the goal is focused on ELA/reading but the district will also continue to look at math data. Possible strategies will include reviewing the curriculum and possibly adopting a new curriculum. The district believes they have a strong intervention system in place and plans to continue with interventions already in place and use their progress monitoring data to continue to evaluate progress. The district had a sound system in place for this for cycle 1 of KESA and will carry it on into the next cycle. In reviewing AIMSWeb and State Assessment data for this goal they will be focusing also on how core curriculum is impacting their results as they consider new curriculum. Classroom walkthrough data will be used to determine fidelity. Structure to keep KESA at the forefront to also monitor progress and they report regularly to the BOE and site councils. The district is also pursuing having more teachers participate in LETRS training to support this goal area.

- Do buildings have goals that address their individual needs analysis and align to the system goal?

Northern Valley is a small district and the goals in their plan for elementary and secondary are the same in this area. The MTSS system varies as do some of the interventions but the goals are the same. Each building looks at its data and makes adjustments that fit their student's needs but they are also focused on the overall improvement of the district data as a result of what is happening at each grade level in each building.

- Provide feedback to the system on how the system involved all buildings, programs, and staff in their continuous improvement process.

Northern Valley has a strong system in place for involving all staff in the continuous improvement process. This began in cycle one when they place all staff in work groups that are responsible for each goal area or support area. And, each of these groups has a DLT member that heads up the group which supports communication between the DLT and the work groups. Time is spent on in-service days and on other days for all staff to be part of the process – either reviewing data or discussing implementation.

GOAL 2:

- Provide feedback to the system that the goal is specific and measurable.

The goal area centers around character education and civic engagement. This area became a focus due to some changes in graduation requirements and to help with behavior concerns. Some of the data that the district reviewed was the kinds of civic engagement activities that we currently have students involved in and how we are monitoring and using that information to determine if this is supporting our IPS process. We are also considering behavior data as another source of information. The district sees this as an important goal area because students need the types of employability skills that come from participating in civic engagement activities and character education curriculum. We hope to see better behavior data through a lower number of office referrals. Students as part of the IPS will document these activities and eventually, this will be important to improving postsecondary success. Along the way, they will be using behavior data, and possibly an SEL screener (FastBridge) and the IPS to monitor their progress. Right now, the goal is to incorporate a minimum of 4 different community involvement opportunities K-12 and have students participate in at least one each year. They are still working on the final wording of the goal.

- Provide feedback to the system that the goal is relevant and attainable as presented.

The OVT discussed with the district data that they might consider. This included participation in civic engagement activities, behavior data, etc. Data for the goal that focused on behavior is a possibility that would be relevant and attainable based on their goal and would also connect with many of the activities that are part of the IPS process. The district seems to be on the right track and will continue to finalize this goal throughout the remainder of the school year.

- Provide feedback to the system that the initiatives of the goal are expected to show results during the current KESA cycle.

Northern Valley wants to first determine what teachers are currently doing with students in terms of civic engagement activities and then work to make this more systematic by stair stepping the activities to be age appropriate as students move through each grade and then develop better ways for students to account for this in their individual plans of study. A focus on strategies in this area that are linked to the IPS may be a way to connect SEL (employability skills) and civic engagement that encourage students to develop better behavior. Also, the district wants to find ways to continue to engage students in the community.

- Do buildings have goals that address their individual needs analysis and align to the system goal?

As mentioned previously, the district is small and building and district goals are the same. At the elementary level for this goal they are typically working with activities that create awareness while at the secondary level they are working at developing options for students to engage more in the community and document those in the IPS.

- Provide feedback to the system on how the system involved all buildings, programs, and staff in their continuous improvement process.

The district uses their work groups headed up by a member of the DLT to involve staff and this also helps distribute the workload since they are a small staff where everyone is responsible for a number of activities. It also helps with communication and create understanding of the district KESA goals and activities.

3. Strengths and Concerns (Required)

Please provide the system with actionable feedback related to strengths, concerns, and recommendations.

- Summarize strengths, concerns, and recommendations for the system.

Strengths

- The OVT likes how the district is using KESA work groups to involve all staff.

- The work staff is doing to provide community service opportunities for students K-12.
- The focus on academics and connecting multiple sources of data.
- Both academic and non-academic skills areas the focus to better meet the KSDE definition of a successful graduate.

Recommendations

- At this time the OVT has no concerns and would recommend that the district continue to finalize their goals and refine their implementation strategies.

This is just a friendly reminder that the upcoming gym floor maintenance season is approaching, and fast!!!! We have extended our working season from early spring to late fall, also during Christmas Break and Spring Break. If your school has multiple gyms, there is a possibility work could be done outside of the summer months, if this would work for you give us a call. Most importantly this is a refresher of the following related gym floor services we provide.

- MAINTENANCE** Screen Back, Tack, and Apply MFMA approved finish coats to existing gymnasium floors including water-based finishes.
- RESURFACING** Sand, Seal, Stripe to KSHSAA specifications, and Application of MFMA approved finish on existing gym floors.
- REPAIR** Replacement of damaged flooring, as well as volleyball standard work.
- ARTWORK** Logos, lettering, lanes, accent borders.
- INSTALLATION** Installation of new sports floor systems, including New Facilities Work and Retrofits

If your school district is considering any of the above projects, please give us a call at 785 650-7040. We are an MFMA Member and Hillyard Certified Wood Floor Mechanic, we stand behind our work and would like the opportunity to work for your school.

Respectfully Submitted,

Have the seniors asked anyone from the board to hand out diplomas if so who?

Thanks,

Dear Ken,

You would have received a congratulations letter a short while ago in regards to your grant. Our system automatically sends an email upon approval; however, I wanted to be sure you go into the system and read the full grant award letter as the committee approved partial funding of \$0.00 for your request, Exterior Grout and Sealing. I try to do a follow up email anytime we have a partial award so there's no confusion.

The Norton Grant Committee recommends that you also apply to the Phillips County Community Foundation (PCCF) Hansen Committee for additional funding. In your application to PCCF, you should indicate that the NCCF awarded \$10,000 and encouraged you to apply to Phillips County for funding as well.

If you have any questions, please contact us at grants@gnwkcf.org or call 785-734-2406.

Thank you,

Carol Sloper

Carol,

Thank you so much. I will definitely finish up the application for Phillips County.

We appreciate your support.

Congratulations! The Norton County Advisory Committee reviewed your Hansen Community Grant application and approved \$10,000.00 for *Exterior Grout and Sealing*.

The grant check will be mailed directly to the Norton County Community Foundation in approximately 10-14 days. ~~Melinda Davis, NCCF Executive Director,~~ will then contact you directly to present the check.

Bethany Shirk is the contact for any questions!

By accepting this grant and cashing the grant check, you specifically agree that:

- a. grant monies will be used as identified in your application to the Greater Northwest Kansas Community Foundation; the Final Report form (available on your Dashboard via our online grant making system), picture(s) of the completed project, and copies of all receipts pertaining to specified project (or spreadsheet detailing expenses), will be submitted within 30 days following your estimated completion timeline: 09/01/2023;
- b. any sums not used for the purposes of specified project will be returned to (and payable to) Greater Northwest Kansas Community Foundation, PO Box 593, Bird City, KS 67731 to be available for additional grant projects; and
- c. this grant does not create a principal-agent relationship of any type.

We encourage you to publicize this award in your local media. We ask that you give credit to both the Norton County Community Foundation and Dane G. Hansen Foundation to help recognize the community foundations which have made this grant possible. Greater Northwest Kansas Community Foundation (GNWKCF) manages this fund on their behalf. You may contact GNWKCF at grants@gnwkcf.org or 785-734-2406 to request copies of any logos. Please upload copies of press releases and/or advertisements regarding this award to your online final report.

Thank you,
